SIMPSON'S SOCKS.

He Trails Senator Ingalls' Entire Footwear in the Dust.

ANNAPOLIS, Md., March 12.—Representative Jerry Simpson, better known as the "Sockless Statesman" from Kansas, created a sensation today among the Maryland farmers now in convention here, when he interrupted the proceedings to deny a charge that he did not wear socks. His explanation was precipitated by a reporter who, during recess, called at the Maryland hotel and sent to him a note requesting Simpson to deny or affirm the current report as to footgear. The note wound up, "Do you wear socks?" After waiting some time the reporter went away. Soon after Mr. Simpson, huddled and with his overcoat over his arm, rushed into the hall and demanded immediate recognition. He then handed to the secretary the note left for him and asked that it be read. There was a quiet pause on every farmer's face when the secretary finished reading it and all eyes were turned instantly to Simpson. He faced the convention and spoke as follows:

"Mr. President, this letter refers to me, and I wished it read in order to make a personal explanation. There is no truth in the story. The statement originated from the morbid brains of a man who was against me. I am a representative of the silk-socking aristocracy. At the time of the election I told my people that I expected to get the other fellow's socks, and I did get them, but I got his shoes as well. I want to say right here that I do now wear socks and I put them on after the defeat of Ingalls, which I believe was the beginning of an era that marks a time when the humblest people can wear socks. I am not the seven and a half million people of Maryland the much-vaunted 'socks'."

This speech was greeted with tumultuous applause and laughter by the assembled farmers.

CARPENTERS AND BUILDERS

Association Will Meet to Decide the Demands of the Journeymen.

CHICAGO, March 12.—This evening the members of the Carpenters and Builders association will finally decide whether or not the demands of the journeymen shall be granted or submitted to arbitration. The men have decided to strike in a body two weeks ago, Saturday unless their demands are granted.

The employers say that the real difference between them and the men is not the seven and a half million sum, but the question whether they are carpenters who rank in their demands with the most expert workmen, or are little better than unskilled laborers, and were graded established the experts who would have no cause to complain regarding either hour or wages.

Meanwhile, unemployed carpenters are drifting northward in the city, and the employers say that if it comes to a strike there will be little trouble in getting a sufficient number of non-union men to enable them to pull through with the contracts which they have on hand.

A NEW LINE.

Boats to be Built to Cross the Atlantic in

New York, March 12.—Seaboard says that Austin Corbin will establish the finest transatlantic steamship line between this country and Europe by building eight 12,000-ton steel all-American steamships capable of attaining a speed of twenty-four to twenty-five knots per hour. The first ship, to be named the Montauk, is to be built at the New York Navy Yard, and will be ready for service in five days. The passage to Europe will be made in a fortnight, and the cost of the trip will be \$100,000. The new line will be a great boon to the trade between America and Europe.

Archbishop Williams, of the Boston Diocese, a Center of Attraction.

BOSTON, March 12.—The golden jubilee of Archbishop Williams is being celebrated today on an extensive scale. This morning the archbishop is receiving the congratulations of the priests and prominent members of the laity of the diocese, and has also been made the recipient of numerous addresses and valentines. The archbishop is expected to leave for Europe tomorrow, and will be accompanied by his wife and daughter. The celebration will continue through the day, and will be a great event in the city.

OUT OF FUNDS.

The Old Story Once More in Connection With the World's Fair.

CHICAGO, March 12.—A local paper today says: There will be no meeting of the national World's fair commission in April. The fact is there is not enough money remaining out of the appropriation for the current fiscal year ending July 1 to pay the salaries of commission, its officers and the clerical expenses of their departments.

Members of the board of control have been considering the financial question and the result will be a report recommending a reduction of salaries and a proportionate reduction of all expenses in the administrative department of the national commission.

Snow Bound.

LEAVES HIS WOMAN, the murderer of Isaac Miller, a ranchman.

DEADWOOD, S. D., March 12.—The grand jury has found indictments against the Sioux Indian, Plenty Horse, the murderer of Isaac Miller, and against Isaac Miller, a ranchman.

A Mississippi Levee Breaks.

HILLBORO, Miss., March 12.—The levee on the Mississippi river broke at 12:30 this morning. Great damage will result to farms and other property of a rich section.

A Fat Stock Show.

CHICAGO, March 12.—The executive committee of the World's fair has appropriated \$100,000 for premiums for a live stock exhibit.

A Hello Dividend.

BOSTON, March 12.—The American Bell Telephone company has declared a dividend of \$3 per share.

A Milwaukee Dividend.

NEW YORK, March 12.—The directors of the Milwaukee & St. Paul, have declared a semi-annual dividend of 3 1/2 per cent on preferred stock.

And How Much Illegally?

SAN FRANCISCO, March 12.—Collector of the port Philip, says that during the past months 8000 pounds of prepared opium has been legally imported to this city. This opium is valued at \$1,800,000.

NOW IT IS IN FRANCE

That the Government Has to Aid a Crippled Bank.

ENGLAND'S LOSS BY COLD AND STORM.

Queer Matrimonial Experiences in Belgium; Foreign Notes of Real Interest.

PARIS, March 12.—The Societe des Depots de Comptes Courants is in a most critical position. This bank suffered acutely during the recent financial crisis in London and Buenos Ayres. It has only 18,000,000 francs with which to meet claims amounting to 38,000,000 francs. At a meeting held this morning by the directors it was decided to ask the national government to come to the assistance of the bank. Immediately the minister of finance, M. Rouvier, minister of finance, and plainly stated the whole case. Rouvier then asked the bank of France to come to the assistance of the Societe des Depots de Comptes Courants, but the bank of France directors refused aid. Leading financiers of France and the minister of finance were twice in session today in an endeavor to bring about some arrangement similar to that which, in the case of Baring Bros. & Co., was made in 1890. The directors of the Societe des Depots de Comptes Courants, however, refused to accept any such arrangement. The bank is now in a most critical position, and the government is being urged to come to its aid.

AFFLUENT ENGLAND.

First a Blizzard and Then a Cold Snap; The Loss Great.

LONDON, March 12.—Following the blizzard of a few days ago a severe frost set in all over England. Many wrecks are reported to have occurred on the coast and a number of people have frozen to death. Cattle and sheep, numbering hundreds, have been sent to clear the railroad lines in Devonshire and Cornwall, where the snow drifts have piled up twelve feet deep. The loss to the farmers is estimated at \$1,000,000.

MATRIMONIAL COMPLICATIONS.

Unavoidable Position of a Prominent Society Man of Brussels.

BRUSSELS, March 12.—A wealthy resident and prominent society man of this city, M. Antoine, has just been condemned by the correctional tribunal to one year imprisonment for bigamy. M. Antoine is popularly known in society as the emperor of the hunchbacks, not on account of any physical deformity, but simply because he is the president of a crowd of gay young bloods whose members regard themselves as politicians on carnival days.

Some time ago he figured as a respondent in the divorce court, and when his wife secured a decree nisi, he married his mistress. Having once secured rightful possession of his name, however, this strange creature, who previously had been a potent angel, changed into a veritable virago, and after a few months of anything but blissful wedlock, he was induced to leave his palatial home and once more took up his abode with his former wife, who, having regretted her appeal to the courts, was ready and willing to accept him with sympathy and shelter. For a few months his life was again a garden of roses, but he was not long in being fully deflected by the aid of detectives his whereabouts and one day last month a couple of gendarmes escorted him down upon his abiding place and took him to the detention prison.

Upon trial Antoine was bitterly denounced by his second wife and tearfully defended by his first. But the pleadings of the latter could not save him from the heavy sentence already stated. He is now in the prison, and vows that he will marry him again as soon as his term has expired.

A PRESIDENT MURDERED.

Private Information to the Effect That Chile's President is Killed.

LONDON, March 12.—A telegram has been received at Hamburg by private cable from Chili, that President Balmaceda has been murdered.

What Jerry Advocates.

ANNAPOLIS, Md., March 12.—Before a mass meeting of the farmers' alliance held here yesterday J. O. Simpson, of Kansas, made a speech in which he advocated reduction of the tariff, government control of railroads and abolition of the army and navy. He denounced the press as being under subsidies, and favored an income tax, if necessary, that would keep fortunes at \$100,000.

Bucked the Tiger.

ST. LOUIS, March 12.—Col. F. A. Greig, widely known in political and financial circles in South Dakota, committed suicide last evening by shooting himself through the head. He had lost all his fortune, \$100,000, speculating on the board of trade in Chicago.

Sewerage Shut Off.

W. T. Bailey has been left in rather bad plight by the shutting off of his sewer connections with Chesapeake Creek by order of the court. This morning sewage backed up into his cellar, and his residence is now in a very bad sanitary condition. Two of his family are ill of typhoid fever and a third is just recovering. There are no sewers with which the house can be connected, and it is questionable whether the board of health will allow the construction of a cesspool.

Sixty Men on Coffin Dais.

Superintendent McIntyre has sixty men at work on coffin dais at Thomson. They find the bed of the Missouri river very rough and irregular. Patton & Frank have been made resident engineers on the work.

TOO PREVIOUS STRIKERS.

Clockmakers Arraigned and Returned to Jail for Trial.

NEW YORK, March 12.—Central office detectives yesterday arraigned in the Tombs police court Joseph Harondese and the twelve Russian clockmakers who were arrested for having engaged in the attack upon Herman Greenbaum, the clock making contractor, and his family at Jamaica, Long Island, Monday night, when Mrs. Greenbaum was brutally assaulted and her 4-year-old son was cruelly burned with vitriol. The prisoners were separately identified by Greenbaum and then turned over to the police of Jamaica. The prisoners were handcuffed together and taken over the ferry to Long Island City.

Central American Line.

WASHINGTON, March 12.—The government of Guatemala has entered into a contract with the Comoro Steamship company for the establishment of a line of steamers to sail monthly each way between the ports of Guatemala and Hamburg.

Out of Business.

NEW YORK, March 12.—The Jefferson Insurance company has retired from business and insured its outstanding claims.

Mails Striking Cases.

NEW ORLEANS, March 12.—The grand jury has indicted John Coney and Thomas McCristof for bribing jurors in the famous Hennessy case. Newspaper reporters had gathered the evidence and furnished names. The two men have been arrested. It is said they are both employed in the detective agency which has been prominently engaged in the defense of the prisoners. Arguments will be concluded today and the case given to the jury.

Pittsburgh Fire.

PITTSBURGH, March 12.—The Germania bank and Weldon buildings, Diamond and Wood street, were burned last night. The Germania building was occupied by the chamber of commerce, R. G. Dun & Co., Res Bros. & Co., bankers and brokers, the two Mutual Union Telegraph companies and other offices. The loss on the Germania building is \$100,000; insured, J. R. Weldon & Co., stationers, \$100,000; total loss, at least \$300,000.

Prisoners Punished.

SAN FRANCISCO, March 12.—Three hundred pirates, robbers and criminals were beheaded at Kwantung province during the last few days of the old Chinese New Year. The town of Chobo on the Black River, Tonkin, was surprised late in January by a band of 500 robbers, plundered and burned. The French minister was shot and decapitated, and two other French officials killed.

The Leland Sold.

ASHBURY PARK, N. J., March 12.—Leland's famous ocean hotel at Long Branch was sold yesterday at foreclosure sale at \$88,075 to Col. George W. Bliss, of New York. The property is one of the finest along the coast. It has an elegant ocean bluff and the hotel is one of the best known in the country.

New York's Capital Punishment.

SING SING, March 12.—The first electrocution to take place in Sing Sing prison is to occur during the week beginning March 16, when James J. Slocum and Harris A. Smiler are to be executed. There are six condemned men awaiting electrocution in Sing Sing prison.

Over-Acute Nervousness.

VIRGINIA, Nevada, March 12.—Bella Proudh, a 15-year old girl, was yesterday suspended from school for thirty days for misbehavior. She went home and last night fatally wounded herself with a revolver. She says she is innocent and could not stand the discharge.

TOWN ELECTIONS.

CANOSA VOTES IN FAVOR OF A TOWN HALL; In Other Towns.

AT CANOSA Tuesday's election resulted as follows by a vote almost throughout of 12 to 1: Supervisors, Gust Bergstrom, J. P. Johnson, John Nelson; clerk, W. C. McCrimmon; treasurer, Ed La Vague; assessor, B. E. Engren; justices, E. B. Engren, H. Harquist; constables, Victor Johnson, Anton Ronquist; overseers of highways, Gust Johnson, A. Bognist, H. Harquist, E. Hood, W. Beyer. For treasurer Ed. La Vague received 55 votes. The town also voted \$1000 for a new town hall, for which an acre of ground on the corner opposite the Canosa school has been given by Mayor M. J. Davis and E. L. Bradley of Duluth.

At Morse the election resulted as follows: Supervisors, Chas. Trezona, John Bradine, James Bale; treasurer, A. M. Chisholm; clerk, Grant McMillan; assessor, John Donovan; justices of the peace, William Wallace, two years; Julius Peterson, one year; overseer of highways, James Ovanah; constables, Carl Arlo, Cyrell Fortier.

A NEGRO HERE.

Surveyor General Ash Believes There is a Nigger in the Pine Forest.

Surveyor General Ash is up in arms over the bill introduced in the state legislature yesterday to incorporate St. Louis, Lake, Cook, Inaca, and Beltrami counties into the eighth logs and lumber district of the state. This will only leave for a new district a small corner of the Fifth district, of which Mr. Ash now has charge, namely, the northeast corner of Carlton county, including the Cloquet section.

Mr. Ash thinks it a clever scheme of the Cloquet lumbermen to get a lumber district of their own. The old district was very indefinitely described as including the territory tributary to St. Louis river and bay and its confluence. This left the north shore, Lake and Cook counties, and the Pine River district in doubt. The new bill removes this doubt but leaves out a corner of the territory of the Fifth district, and is directly against as to the headquarters of the district, which it is supposed, considering the governor's well-known love for Duluth, will be located at Grand Rapids.

PRICE THREE CENTS.

WITH THE IRON MINERS.

An Immense Estimated Quantity of Ore in Sight

AT ONE MESABI PROPERTY

The Water Company's Bluff Has Hardly a Peg to Hang to Now.

Work is being pretty generally continued in developing iron properties this winter on both the Vermilion and Mesabi ranges. At the Mountain Iron company's mine a body of ore is in sight estimated to contain 1,200,000 tons of ore. It is 700 by 350 feet and consists of soft hematite ore of the Bessemer grade and very rich, averaging 65.8 per cent metallic iron and about 0.42 phosphorus. The body of ore is struck at from fifteen to thirty feet below the surface, consequently no mine on the Mesabi range can be worked so cheaply. A large amount of ore could be shipped this year if railway facilities were provided. The net profit on this ore is at least \$2 per ton, making \$2,400,000 cash in sight.

The formation of the Mesabi range is very similar to the Cripple Lake ore lying in pockets, and the formation being more or less flat. There has been struck on the Pauly property, one-half mile south of the Mountain Iron company's find, which is located on the backbone of the range. Work on the Pauly property is temporarily abandoned on account of water filling into the test pits. Pumping machinery will have to be employed to keep the water out.

On the Anderson property a test pit has been lately put down on the east side of the working shaft with very encouraging results. The drift from the main shaft now in about 100 feet from the working shaft down ninety feet is showing better and better prospects. The ore as yet is mixed with veins of very high grade of Bessemer. The drift is being extended under the swamp which is now drained and test pits can be sunk anywhere.

The crews at the Stone mine have now a shaft down sixteen feet in the cupping of the ore bed. Up to this point they have been engaged in stripping the ore body.

The Great Northern mine has a shaft down 190 feet in point rock, the same material in which the shaft of the Pioneer mine is sunk. They will go down from 200 to 250 feet before cross-cutting. At the Mallman mine shaft No. 3 is down eighty feet and a cross cut in the shaft is fifty-three feet in clear ore of high grade.

The Mesabi Range Syndicate own 5500 acres of land commencing in section 31-30-13 and extending in continuous line to section 10-40-12. It is all on the range. The syndicate is composed of T. B. Hoover, B. D. Brown, C. E. Lovett, F. W. Merrill, A. W. Bradley and W. W. Spalding. They are working twenty-five men, with good showing of ore, but hope to be shipped before next fall.

THE COMPANY'S BLUFF.

How Silly a Bluff it is shown by the city.

The board of public works has forty-two men engaged in opening a trench on Bench street to connect the Fourteenth avenue sewer with the Bench street sewer, which empties into the lake at Second avenue east. The trench will be completed this week.

The injunction once brought by the gas and water company will not be tried before next March. By that time the sewer problem will be solved by the city while the water problem will probably be as knotty as it now is. The gas and water company have decided to lay a new pipe 1500 feet out from the pump house instead of 1000 feet as first intended.

It might be well to recollect that the day before the water company made its bluff by enjoining the sewer system, The Herald published a notice that the city was about to change the east and sewer outlets to connect with the Second avenue sewer, and that work was to begin the following day. If the water company had postponed its bluff much longer, there wouldn't have been a peg to hang it to.

Fifty Congressmen.

The Herald recently copied from the Chicago Herald a statement that Congressmen Stephen, of Michigan, had invited a number of congressmen to make a trip with him from Cleveland to Duluth in order to become more fully acquainted with the great lake route and the immense traffic passing over it. It is now stated that about July 15 the party will start. It will be made up of a selection from the committees on commerce and rivers and harbors, and viewing the points of interest along the lakes the party will break up here.

Duluthians Honored.

Mr. Por Larcker, editor of Duluth Posten, and Mr. Ellison of the Tribune, have been made honorary members of the Nordiska museum, Stockholm, Sweden. The object of this institution is the discovery and preservation of everything that relates to archeology and ethnology of the Scandinavian Kingdom of Sweden and Norway. King Oscar is chief patron and a number of the most distinguished men in science, literature and statesmanship are members and co-operators in the institution, which is just about to erect a palatial structure for its purposes.

The Schwabenska Concert.

Mr. Leachman, nothing daunted by the comparative scanty subscriptions so far for the Schwabenska concert, telegraphed today that the prospects are encouraging. The Hardy ladies have done excellent work so far among their friends for the concert, but our music-loving public at large scarcely to have realized what a great treat Schwabenska's visit will be, nor that it is possible he may not come.

Miss Howard's Funeral.

The funeral of Miss May Howard, who died Monday of typhoid fever, took place this afternoon, Rev. W. M. Barker, of St. Paul's church, officiating. There were present a large number of sympathizing and sorrowing friends, and the services were most impressive. There were many floral tributes sent by those who had known and loved Miss Howard.

Headache, Neuralgia, Dizziness, Nervousness, Spasm, Sleeplessness, cured by Dr. Miles' Nervine. Samples free at Duluth.

1

WORLD OF COMMERCE.

Cash Wheat and Future on the Duluth Market.

MONEY MARKETS IN THE EAST.

Leading Speculative Commodities in All the Leading Markets of the World.

The opening here this morning was weaker. The market gradually strengthened on bullish news, and the first sales in May wheat were made at yesterday's close. The market steadily advanced up to noon. The Cincinnati Price Current was quoted as saying "high condition of growing wheat continues, government report bullish arguments as if exports during next four months are half as large as last year reserves, will be reduced to a very low point." Late foreign cables were very strong. The early decline in foreign markets was due to French financial difficulties, the French bank and the Société des Dépôts being reported in trouble.

May No. 1 hard wheat opened late selling at \$1.05, jumped 1/2¢ up and continued on the up grade at 1/2¢ rate selling until it reached \$1.05 1/2. The price continued to be still bid up until the close at \$1.05 1/2. May No. 1 northern ruled very strong in advance but scored but few sales. It sold late in the session at \$1.02 1/2 and advanced steadily closing firm at \$1.02 1/2. June wheat ruled firm but dull, selling in the forenoon at \$1.05 and advancing strongly sold after dinner at \$1.05 1/2 and closed at \$1.05 1/2. June No. 1 northern ruled dull but firm, closing at \$1.03 1/2. Cash wheat ruled very dull, selling early at 90¢, for No. 1 northern winter receipts. All cables from abroad stated that wheat in Berlin and Paris had reached the top notch in prices.

The closing prices were as follows:

Cash Wheat, May 1, June 1, 1891. No. 1 hard, 100% 100% 100% 100% No. 1 northern, 95% 95% 95% 95% No. 2 northern, 94% 94% 94% 94%

Cash on track: Wheat, 54; last year, wheat, 31. Receipts: Wheat, 14,880 bu. Shipments: Wheat, 5800 bu. Inspection: Cash, No. 1 northern, 3; No. 2 northern, 3; total, 72.

Local Bank Clearings. Duluth bank clearings for today were \$251,730.11.

London's Stock Exchange. LONDON, March 12.—The stock exchange of this city is in a state of great uneasiness and is depressed.

Chicago Gossip. Chicago, March 12.—Speculation was a cause of strength in our wheat market today. It is big and all come in to buy. Cables steady and inclined to a lower range, but towards the close cables both from the United Kingdom and continental came higher. The crowd, who were short, bought freely and closed the market at almost the top. Exports from seaboard fair; receipts big, especially through the Northwest. The foreigners do not buy as freely as they should considering strong cables and damage reported.

Minneapolis Wheat. MINNEAPOLIS, March 12.—Close: No. 1 hard March, \$1.00; on track, \$1.00 1/2; No. 1 northern March, 98 1/2; April, 98 1/2; May, 99 1/2; on track, 98 1/2; No. 2 northern March, 96; April, 96; on track, 96 1/2; July closed \$1.01 1/2.

Chicago Close. CHICAGO, March 12.—Wheat firm; cash, \$1.00 1/2; May, \$1.03 1/2; July, \$1.00. Corn steady; cash, 52; May, 53 1/2; July, 50 1/2.

Assault on a Printer. Last evening W. T. Hoxie, one of the non-union employees of the Tribune, was attacked by two union men, Billy Whitney and Harry Gann, former employees of that paper. Jack Le May, another ex-Tribune compositor, was also present. Whitney and Gann, who had been lying in wait, attacked him, giving him a very severe gash upon the head. After the assault they ran. Hoxie was badly used up, and his injury may result seriously. His only crime was that he was a Tribune employee. It is perhaps only due to the union printers that they universally deprecate the wicked assault.

Smoke the Endion cigar, the finest in the market. W. A. Forre & Co.

Van Houten's cocoa—once tried, always used.

Yes, as loves you now, 'tis true, Love with eyes of violet blue, Lips as sweet as honey-dew, Bonny little bride!

Will he love you as today, When your bloom has faded away, When your golden locks are grey, Will his love abide?

Yes, if it is the true kind it will survive all the inevitable wastes and changes of life. But, it is every woman's desire and duty to retain, as long as she can, the attractions that made her charming and beloved in youth. No one can keep her youthful bloom or equable temper if weighed down and suffering from female weakness and disorders. Dr. Pierce's Favorite Prescription is a remedy for these troubles. Sold by druggists.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Reynold's Baking Powder
ABSOLUTELY PURE

CITY BRIEFS.

The funeral of Mrs. Jganeak took place at 9 o'clock this morning. The Young Men's Christian association has arranged for a very interesting meeting in the opera house next Sunday evening. Dr. Heath the noted pastor of the Plymouth church of St. Paul, will deliver the address of the evening. Special attention is being paid to the music.

The marriage of B. A. Ransbury to Miss E. L. Brown occurred on the 10th at West Superior. They will make their future home at 227 First avenue west.

The following variations in temperature were recorded at Pioneer Fuel company's office, Hotel St. Louis, 330 Superior street: 12 m., 20° above; 3 p. m., 21° above; 6 p. m., 22° above; 9 p. m., 20° above; 7 a. m., 6° above; 9 a. m., 6° above; 12 m., 17° above. Maximum, 25° above; minimum, 5° above; daily range, 20°.

A building permit was issued yesterday to Sheriff Sharpy for a \$3000 two story frame residence on First street near New York avenue.

The fourteenth degree of Scottish Rite Masonry will be worked tonight at Masonic Temple. There are nine candidates for the degree.

A good deal of bustle is being made today to sell seats to the Zaver Schur, a weak concert. It is hoped to dispose of at least 400 seats before the performance, and this certainly should be done.

A. C. Robinson, a son-in-law of Judge Martin, applies to the court to act as guardian of his wife, Laura Robinson, in the matter of an interest in lot 1 East Third street, first division. He claims she is of unsound mind.

The building committee of the high school board will meet this afternoon to decide about the letting of the contract for heating and ventilation of the Central High school building.

In the municipal court today the case of James P. Dacey vs. W. G. Green is being tried. The plaintiff asks judgment for \$250 for building a boiler for the defendant.

PERSONAL.

Samuel Nesbitt returned yesterday from Dublin, Ireland, where he spent the past five months. Mr. Nesbitt says the relief work carried on by the government in the famine stricken districts of Ireland has done a great deal to relieve the distressed. Mrs. Pollock, mother of Robert Pollock, accompanied him on his return and will make Duluth her future residence.

A number of Duluth delegates left last night to attend the convention of republican clubs in Minneapolis today. Among the party were Mayor M. J. Davies, Fred Barrett, J. H. Nordby, M. A. Hays, C. E. Lovett, C. A. Towne, H. Armstrong, S. Thompson, J. B. Sutphin and S. D. Allen.

Sheriff McCoy of Lakota, N. D., was in the city yesterday.

Leonard D. Tomlin is down with typhoid fever.

George W. Stevens and wife, of Ashland, are at the Spalding. Mr. Stevens is general manager of the Cranberry Lumber company.

Victor Stearns and Martin Watrous came up from the State university today with other students from Duluth to attend the funeral of Miss May Howard.

Mrs. J. B. Raab, who has been sick at St. Luke's hospital for the past ten weeks, is so far recovered as to return to her home in the Pastorel building.

Ex-Sheriff Markham of Aitkin is in Duluth today.

L. W. Spear left today for Chicago.

D. G. Cutler took the Omaha train today for Milwaukee.

Mr. and Mrs. Dulaney, who were injured in a railway wreck near Pittsburgh, about four months ago when on their wedding journey to Duluth, are now about able to travel and leave the hospital in a few days for Virginia, whence they will come to Duluth still later.

Social Notes.

H. B. Walmaley gave a delightful dinner party at the residence of Miss Toland on East Third street last evening. Among the guests were: Mr. and Mrs. Cressley, Mr. and Mrs. Towne, the Misses Woodbridge, Miss Scott, Miss McLean, Mr. and Mrs. Brice, Miss Brice, S. J. Upham, Dr. Satter, Mr. Washburn, Mr. Wood, Dr. Woodberry, Mr. Pove, Mr. Zeller and Mr. Richards.

A social gathering of the alumni and former students of the State university was held last night at the residence of Dr. Bowman.

How Jews Are Treated in Russia. (P. G. Hubert Jr., in March Forum.)

Let us suppose a part of our own community subjected to the legal restrictions which now obtain in Russia with regard to the Jew. Our laws on the subject would then read as follows:

"All Jews born in the United States shall be regarded as aliens. No Jew shall dwell in any part of the United States, except the states of Virginia, North Carolina, South Carolina, Georgia, Alabama and Mississippi, unless they are graduates of some state university, members of a learned profession, skilled artisans holding certificates from a technical school, or members of a chamber of commerce who pay \$500 a year for that privilege. No Jew shall hold any government or municipal office. No Jew shall pay special taxes in connection with religious services. No synagogue may be opened without the permission of the United States, and no public prayers may be held in any other place than a synagogue. When more than ten Jews wish to meet together for consultation or discussion, they must obtain permission from the municipal authorities. Married Jews who become converted to Christianity are ipso facto divorced on conversion, but the wife, if she remains a Jewess, may not marry again. All Jews attaining the age of twenty years shall serve five years in the active army and thirteen years in the reserve, but no Jew may become an officer or even an officer's servant. No Jew shall serve in the navy."

Such a condition of affairs as is implied in this paraphrase of the Russian laws affecting Jews is so impossible, so inconceivable, in this country and to us, that we can scarcely imagine it to exist anywhere else. And yet there is no exaggeration in such a paraphrase. The Jew today in Russia is hedged round by a set of restrictions as whimsical and as offensive as anything devised by the fancies of the middle ages, carried out with a savage brutality which is possible only in a half-civilized country. Jews are both heretics and aliens in Russian eyes.

The memory of one famous pioneer missionary, Marquette, is effectively preserved in the name of one of Michigan's leading railroads, the Flint & Pere Marquette. From Manitowish and Milwaukee, Wisconsin, this company runs its own steamers to Ludington, Michigan, which was called Pere Marquette at the time the road began to build across Michigan to it. Pere is the French word for father.

Serious Danger. Threatens every man, woman or child living in a region of country where fever and ague are prevalent, since the germs of malarial disease are inhaled from the air and are exhaled from the water of such a region. Medicinal safeguard is absolutely necessary to nullify this danger. As a means of fortifying and acclimating the system so as to be able to resist the malarial poison, Hostetter's Stomach Bitters is incomparably the best and the most popular. Irregularities of the stomach, liver and bowels encourage malaria; but these are speedily rectified by the Bitters. The functions of digestion and secretion are assisted by its use, and a vigorous as well as regular condition of the system promoted by it. Constipation and indigestion are thus defended against the inroads of malaria by this matchless preventive, which is also a certain and thorough remedy in the worst cases of intermittent and remittent fevers.

Academy of Music removed to Masonic Temple, rooms 308. Piano instruction. GERARD TONNING.

BOOTS AND SHOES.

Exclusive Handlers of Strictly
TAILOR MADE CLOTHING.

THE WORLD has been compared to a stage, and we certainly have to dress for the parts we play in it. An actor who is not properly attired for his part cannot expect to win popular approval. He is pretty sure to find out that he is making a mere musing parade of the performance, and he has only himself to blame if the curtain is promptly rung down upon him. It is very much the same in real life—if your attire is not consistent with the part you play in it your performance is likely to be a failure. Whatever your part may be, we can suitably attire you for it, and you will be in no danger of having the curtain rung down upon you when you are wearing one of our tailor-made suits, spring overcoats, or trousseaus. They are the production of our most skilled tailors. We continue to offer bargains in all heavy-weight suits and overcoats. Who's your hatter? We are exclusive agents for Youmans' Celebrated Hats.

FARMER OWEN'S VIEWS.

Ideas of the ex-Candidate on
Financial Questions.

THE FARMERS MUST TOTE FAIR

Or There Will be Trouble in the Camp
of Minnesota Before
Long.

MINNEAPOLIS, March 13.—S. M. Owen, the candidate for governor on the farmers alliance ticket, on the subject of the trend of legislation this winter and especially on the usury bill, talks as follows:

"It is difficult to restrain the conviction that if much of the time spent in efforts to lower the rates of interest could be devoted to the despatching of those systems and practices which make the borrowing of money so universal, the principal so great, greater good would be done. It is difficult to see how state legislatures can accomplish much by hurrying legislation while the prevailing rates of interest while the national legislature is licensing men and classes to so absorb the nation's wealth that in fixing rates for its use they can ignore state law makers.

"I think it would be well to cut the rate of interest to 6 and 8 per cent. I think that 5 per cent is really more than any farmer can afford to pay. Of 500 farmers whom I have interviewed on the subject, I find that a large majority are paying 10 per cent.

"I do not believe it is just to place extreme penalties upon the holder of outside capital. We will suppose you are loaning money in Minnesota and that you live here. You are on the ground, familiar with the laws, you can be at any time reached if you break the law. But suppose you are in the East. You want to place money in Minnesota. If you know that your agent should be led to take a little higher than the regular rate and that the law was such that his act would forfeit your interest and principal, would you be apt to place your money there, would you be apt to take any chances in the matter? I think not."

KENDALL HOLDS OUT.

He is Holding Out Against the Compromise, But Will Back Down.

ST. PAUL, March 13.—The question of West Duluth city charter and annexation is nearing a settlement. Kendall still hangs out but will probably sign with the rest before tonight. The rest of the Duluth delegation will return home this afternoon. Representative Boyd is improving.

DOING DONNELLY.

Senator Mayo Gives the Game a Very Severe Scolding.

ST. PAUL, March 13.—In the senate yesterday afternoon Donnelly got the worst tongue lashing he has yet received. The senate adopted a resolution for the appointment of a committee to investigate the charges made by Donnelly yesterday that bankers of the state were attempting to bribe members of the legislature in connection with the pending bills.

Senator Mayo said: "I favor this resolution, for I believe in giving the senate a chance to do its duty. I am satisfied he does not need much. His course has not been a manly one. He has acted as if he had nothing else to do but to talk to the galleries. His cheap oratory has been inextinguishable. Now, I think it is time to shut off this cheap gab. I have long been tired of his leadership. I want to beg republican's pardon for taunting him early in the session with eating crow, for now we demonstrate that he is a stench in our nostrils. It is now time that the demagoguery of this senator be stopped."

CHILIAN WAR.

Details of Bloody War Now in Active Progress.

NEW YORK, March 13.—More letters have been received giving additional details of the rebellion in Chili. A bloody battle has been fought at Pisagua, in which the rebels were defeated after having lost forty killed and thirty-four wounded. The confiscation of rebel property on a grand scale is being carried out by the police this morning. The estate of Don Edwards, the richest man in Chili, was confiscated. A terrible disaster took place at Port Coronel. The General who was on the harbor and demanded the surrender of the town. This was refused. A shower of grape and canister was followed by solid shot. People fled to the heights, while some took refuge in the railroad station. At a short distance from the station, before anybody could escape the roof and walls fell in, burying 200 men, women and children. When the commandant surrendered, sixty enemy bodies were taken out and about 100 persons were hurt.

The blockade of Valparaiso is beginning to tell. Provisions are scarce and expensive, and it is believed the place will soon be surrendered.

TURKEY AT THE WORLD'S FAIR.

An Elaborate Display of Literary and School Work Promised.

CONSTANTINOPLE, March 13.—United States Minister Hirsch has delivered to the Porte the formal invitation of the United States asking Turkey to be represented at the World's fair at Chicago. It is believed the Porte will accept, but some time will elapse before an official reply can be given. It is announced that by the sultan's orders a collection will be made of copies of all Turkish books, magazines and other literary works published since the accession to the throne of the present sultan, Abdul Hamid. These works will be richly bound and sent to the World's fair. In legal paper Djerdid Mahkem, from the time of its establishment up to the most recent date, beautifully bound, with covers adorned with the arms of the Ottoman empire, will also be sent. The exhibit will comprise several paintings, works of students in the Imperial School of Arts. The sultan's photographs will prepare an elaborate series of views of the imperial barracks, schools and other public buildings.

St. Cloud Industry Destroyed.

St. Cloud, Minn., March 13.—The St. Cloud fiber mill, just beginning operations, burned last night. Loss, \$25,000. It is not known yet whether the company will rebuild.

ASSASSINATION ANNIVERSARY.

Special Vigilance Observed to Prevent a Recurrence of the Affair.

NEW YORK, March 13.—Today is the eleventh anniversary of the assassination of the czar Alexander II. It was precisely at noon of March 13, 1881, that the plot promoted by the nihilists culminated in the throwing of a bomb at the emperor's carriage while he was driving on the Catherine canal drive, by Grenievsky, one of Jelaboff's tools. When the bomb burst the assassin himself was killed, while the emperor died within two hours. Reports have been current for some time that the nihilists have fixed upon today for another political coup and murder, but advice from St. Petersburg up to this evening say that everything has been quiet.

According to the current rumors, the strike was to be an assassination similar to that of Gen. Selivskoff, and on account of which the police of the entire world may be said to be hunting for Padlewski who is suspected of being the murderer. It has been known for some time that the Russian refugees in Europe have been preparing for some kind of a plot. Over two months ago the Russian police agents throughout Europe have been ordered to exercise extra vigilance, and stringent instructions to the same effect were issued to the police of the Russian empire.

PARK COMMITTEE.

They Disband After Inspecting Southern Beach Place.

CHATTANOOGA, Tenn., March 13.—The party of army officials, senators and representatives, that has for the last three days been going over the battle fields of Chattanooga and Chickamauga for the purpose of deciding upon the best place for a national memorial to be established by the government, and for which appropriations have already been made, disbanded this morning. Secretary of War, Mr. Taft, and Mr. Chandler, Mr. Baughman, Assistant Adj. Gen. Williams, and others, continue southward on a tour of inspection of military posts throughout the southern border of the country, while Attorney General, Mr. Stanton, Mr. Fry, Mr. Sanders, Mr. C. H. Evans, Mr. Hooker, Mr. Evans and Post, with their wives, returned East and thence dispersed to their respective homes.

POLITICAL AND SOCIAL.

Prominent Republicans Will Speak This Evening at Chicago.

CHICAGO, March 13.—A quartet of men prominent in the councils of the nation affixed their signatures this morning to the register of the Grand Pacific. They are Hon. John Jay Knox, ex-controller of the currency, and now president of the National Bank of the Republic of New York city; Hon. D. P. Dwyer, of St. Louis, the republican candidate for the governorship of Missouri at the last election; Congressman Julius C. Burrows of Michigan, and ex-Governor W. B. Hoard, of Wisconsin.

These gentlemen are here as the guests of the Hamilton club, a republican social organization that is first rounding its first year of existence. They will speak at the annual banquet, known as "Financial Heresies," Dwyer upon the "Republican Party," Burrows upon the "Common School," Hoard upon the "Common School," and Hoard upon the "Common School."

WEST AFRICAN PORT.

Will be of Interest in the Commerce of Nations.

NEW YORK, March 13.—American merchants and shippers will be interested to know that a wharf is about to be constructed on the west coast of Africa, that place which belongs to the French. That place will be the great storehouse for all goods destined to Dahomey and the region of the Benue. A large importation and exportation business will have its center there, and vessels of the coast will be loaded or unloaded by means of small rowboats, which are often wrecked while attempting to cross the bay.

M. Viard, a French engineer familiar with the Western African coast, is now aboard the steamer Congo on its way for the Gulf of Benue. He has obtained from the Paris government the concession for building a wharf at Kotonou. It is expected that the wharf will be opened to the commerce of all nations at the beginning of next year.

Effect of Dime Novels.

CHICAGO, March 13.—Three little boys from Pittsburg were taken to the Englewood police station this morning. They had a few paper volumes of wild West Indian literature. One had a revolver, a handkerchief, and a little money, \$5 in all. With stolen goods, freight trains, they had come thus far on their way to the plains. They will be returned as soon as possible.

Cruiser No. 13.

WASHINGTON, March 13.—Advertisements for proposals for construction of cruiser No. 13 have been issued. The bids are to be opened June next. The successful bidder must deliver a speed of not less than an average of twenty-one miles an hour for four successive hours, and maintain a speed of twenty miles an hour for the remainder of the trial. The vessel must be completed by July 1, 1895.

California Anti-Chinese Bill.

SACRAMENTO, Cal., March 13.—In the assembly today the anti-Chinese bill was passed by a vote of 49 to 5. It provides for the issuance of certificates of residence to Chinese now in the state, and the exclusion of all others. The bill had already been passed by the senate and will now go to the governor. It is believed by the best legal authority that the bill is unconstitutional.

Flicky Farmers.

AMHERST, S. D., March 13.—Arrangements have been perfected where five or more farmers erect townships will assume responsibility for the supplying of seed wheat to the needy. The wheat is to be obtained from elevator companies whenever responsible farmers will guarantee the payment.

The Chicago Scandal.

CHICAGO, March 13.—Scandia hall, located on the corner of Milwaukee avenue and Ohio street, was last night dedicated last night. It was built by branch No. 1 of the Scandinavian Workmen's association at a cost of \$10,000.

Minnesota Inventors.

The following list of patents recently granted to Minnesota inventors is especially prepared for The Herald by Edward T. Fenwick: John O. Rice, Hutchinson, Minn.; Thomas Sydnor, Stillwater, Minn.; Henry C. Zinke, St. Paul, Minn.; Thomas C. Hargrave, Minneapolis, Minn.; electric matrix making machine.

BASIC STEEL AND TIN.

A Brave Celebration in Chattanooga Last Night.

SOUTHERN STEEL, BLACK HILLS TIN.

The First of Either Used in Actual Manufacture or in Combination.

CHATTANOOGA, Tenn., March 13.—A banquet, which has been largely heralded, was given here last evening for the purpose of commemorating the first making of steel by the basic process in the South, and the successful manufacture of all-American tin.

A large number of prominent men from all over the country were present. Among those invited were Grover Cleveland, Chauncey M. Depew, Abram S. Hewitt, Calvin S. Brice, Gen. John B. Gordon, Patrick Calhoun, Joseph E. Brown, Cornelius Vanderbilt, Gen. Samuel Thomas, Gen. E. P. Alexander and many others. Besides these, the governors of Tennessee, Georgia and Alabama were present. Congressman Niedringhaus, president of the Louisville Stampers, was a new large concern for tin plate making, was also a guest.

A feature of the banquet was the serving of one of the courses on plates made from Chattanooga steel rolled at St. Louis and coated with tin from the Black Hills. Champagne was also drunk from tin cups made of Southern steel manufactured at St. Louis and coated with Black Hills tin.

The toasts were responded to by the most prominent gentlemen present. Resolutions and protestations also presented their respective sides. The guests from New York city came on a special train.

A VICTIM OF RUSSIA.

Death Ends the Sad Story of a Once Wealthy Subject.

PHILADELPHIA, March 13.—There died in the Philadelphia hospital yesterday a man with a history. Matthew Zaleski, a Russian refugee, was born in Kozrona, fifty years ago, and entering the army rose rapidly until he became commander of the body guard of the czar. He then resigned to undertake commercial pursuits and soon became a leading grain merchant and philanthropist.

Through the malignity of a discharged servant a charge of collusion with the nihilists was brought against him, his estates were confiscated, and he was thrown into prison. His excellent military record saved him from being sent to Siberia, and after suffering four years of solitary confinement he was released. Friends in this country induced him to come to America, and he arrived in New York in December last. The rigorous winter proved too much for a broken-down constitution. Three weeks ago he came to Philadelphia, and his ailment grew rapidly. He finally drifted penniless and hopeless to the Philadelphia hospital.

ELECTRIC UNDERGROUND.

The Electric Street Railway Problem Solved by an Underground Current.

TACOMA, Wash., March 13.—A corporation which gives promise of becoming one of the most important electric railway construction companies of the age was just organized here with a capital of \$500,000. The company owns the exclusive patents to what is claimed to be the only successful method of applying an electric current to an underground wire ever invented. Contracts have already been made for the construction of railways in Washington, D. C., Kansas City, Omaha, St. Paul, St. Louis and several other cities. The company has incorporated as the Wheeloe Underground Electric Railway.

The principal points in the Wheeloe system consists of a different application of the electric current to the wire. Instead of charging a trolley with 200 feet each and charged automatically as car passes from one section to another.

THEY RECIPROCATE.

Grand Trunk Stockholders Protest Against Proposed Reciprocity.

MONTREAL, March 13.—Some of the largest Canadian shareholders of the Grand Trunk railway have addressed a formal communication to L. J. Sargeant, manager of the road, protesting against the proposed reciprocity views of Mr. Reeves, traffic manager.

Many Grand Trunk shareholders have sold out their holdings since Reeves' statement of belief and his intentions in regard to running the traffic department of the road.

GIVING IT AWAY.

Disgruntled Farmers Alliance Man at Work Exposing the Organization.

CLARKSBURG, W. Va., March 13.—There is quite a sensation here among the farmers alliance owing to a member in Randolph county, who had some trouble with the order, resigning an important position and starting to write book exposing the secrets, signs, passwords, etc., of that organization.

It is said that the old political parties will furnish the funds to give the book a wide circulation.

Blockade Baiters Killed.

LONDON, March 13.—A terrible disaster occurred on the Great Western railway, on which many hundred laborers are employed clearing tracks. A gang of men engaged in opening a way for a train that had broken down in the snow died not see a relief train approaching. The train dashed into them, two being killed and many severely injured.

Talleyrand's Memoirs Issued.

LONDON, March 13.—Griffiths, Farran, Okeden & Welch, of this city, have issued the English edition of Talleyrand's memoirs. The Hon. Whitcomb Reid, United States minister to France, has written the introduction to the edition mentioned. Mr. Reid's work consists of a brief but masterly historical essay.

Stock Thieves in Washington.

SPOKANE FALLS, March 13.—Settlers in Douglas and Lincoln counties are greatly alarmed at the extensive raids of organized bands of cattle and horse thieves. Prominent stock men say that 12,000 head of cattle have been stolen in the past year.

WALTHALL DECLINES.

His Position May Give the Alliance a Footing There.

JACKSON, Miss., March 13.—Senator Walthall's letter positively declining to allow the use of his name for re-nomination to the United States senate, has caused much surprise. His term does not expire till March 3, 1895, but the legislature which meets next January will have to elect his successor.

What effect the withdrawal will have upon the threatened alliance war against Senators George and Walthall on account of their opposition to the sub-treasury bill cannot be foretold. It may open the way for a compromise by giving advocates of the sub-treasury scheme one senator.

HEROISM REWARDED.

Canadian Fishermen Presented \$50 Each by the United States Government.

SARINIA, Ont., March 13.—A pleasing event took place in the council chamber here, where a number of prominent citizens and ladies were assembled to listen to a tribute to the bravery of three fishermen, J. P. McIntyre, Hugh McMillan and Charles Wilson, who about a year ago, at the risk of their own lives, rescued the crew of the barge Weeks, an American boat which was stranded above Point Edwards, during a furious gale. Fifty dollars in gold was presented to each of the men by the United States consul on behalf of the United States government.

GOES TO SWEDEN.

Youngest Daughter of Secretary Bayard to Marry a Swedish Count.

WILMINGTON, Del., March 13.—The wedding of Miss Annie Bayard, the youngest daughter of ex-Secretary of State Bayard to Count Levenhaupt, of Sweden, is announced to take place early in April in this city. Count Levenhaupt is an oldest son and an heir to the very extensive estate of the Levenhaupt family of Sweden.

DEADLY INFLUENZA.

Berlin's Second Visitation Much Worse Than the First.

BERLIN, March 13.—The epidemic of influenza, from which this city is suffering the second time, is much more violent than the first. Nine deaths were reported yesterday, and the plague is increasing in severity. The percentage of fatal cases is much higher than at the first appearance of the malady.

Leaves Divinity for the Law.

NEW YORK, March 13.—Nearly all the congregation of the Lee avenue congregation today in Brooklyn was surprised today at a circular letter by the pastor, the Rev. Dr. Henry A. Powell, which announces briefly that he has determined to retire from the ministry on May 1 and become a lawyer. He is suffering from throat trouble for a long time. "Then, too," he added, "while I have found the pulpit work very pleasant, I have found some of the details of a minister's work distasteful to me."

Stricken for Blasphemy.

NEW HAVEN, Conn., March 13.—The French Catholics of this city are in a state of excitement. A former member of the church, while indulging in the most terrible blasphemy, was stricken with paralysis a few days ago and is now unable to speak. A number of friends had called on him to begin to cure, indignantly refused, and thereafter was subjected to such persecution that in the early part of last month he fled to endure it no longer and decided to go back to Wales. The threats upon his life had so affected his mind that even after he was on the train and outside the territory he thought he was being followed by persons who meant to kill him, and in order to escape these fancies he jumped overboard while crossing the Detroit river and was drowned. Mrs. Thomas, who seemed to share the same fears, became well-nigh distracted and to the misery, she was left with no money or railway ticket. Kind-hearted passengers paid her fare and aided her in every way possible.

THE TWO PER CENT CLAIMS.

Reports Sought Against the United States by Illinois.

SPRINGFIELD, Ill., March 13.—The preliminary steps in an important suit have just been taken by Attorney General Hunt in the suit of the State of Illinois against the United States, known as the 2 per cent claims. The suit is for judgment for \$474,100 because of the fulfillment of a contract on the part of the general government to construct a national road from the navigable waters flowing into the Atlantic in the East and through the state of Illinois to the Mississippi river.

WALDSTEIN'S EXCAVATIONS.

Treasures Unearthed by the American Archaeologist at Eretz.

ATHENS, March 13.—Professor Waldstein, the American archaeologist, who is making excavations at Eretz, a city on the island of Euboea (Negropont) founded before the Trojan war and destroyed 400 B. C. by the Persians, has found the ruins of a theater, a number of graves and splendid treasures, consisting of gold diadems, jewels and vases.

A Wife Satisfies.

INDIANAPOLIS, March 13.—Last October Kate Weaver, a daughter of prominent people here, married Lemmon E. Rhinebold, a young lawyer with a good practice. Mrs. Rhinebold today committed suicide. The following letter written by her just before firing the fatal shot: "When this reaches you I will be out of this world. I could not stand it. I had a bad, low husband who beat and cursed me and tried to make me believe I was unfaithful. I could not stand it, so I took my own life."

Mexican Lottery Cleared.

ALEXANDRIA, Minn., March 13.—During the last two days the town has been literally flooded with Mexican lottery circulars sent through the mails from El Paso, Texas. Men, women and even boys received the pernicious matter.

Cleveland Street Railway Blocked.

CLEVELAND, Ohio, March 13.—There was a heavy fall of snow here this morning, the heaviest of the year, and much difficulty has been experienced in operating the electric street cars. Thousands of persons were compelled to walk to their places of employment.

Headache, Neuralgia, Dizziness, Nervousness, Spasm, Sleeplessness, cured by Dr. Miles' Nervine. Samples free at Max Wirth's.

MINNESOTA'S LOSS.

Effects of the Usury Bill Now Pending.

IT WILL DRIVE AWAY CAPITAL.

What Has Duluth Done to Defeat the Pending Disastrous Legislation?

Numerous letters are received each day in Duluth by loan agents from Eastern investors stating that they have decided to loan no more money in Minnesota until after the present legislature adjourns. The present bills before the legislature to tax mortgages and reduce the rate of legal interest are the causes. Capitalists claim that there are a number of other states and territories in which they can invest money in securities without paying taxes on them, and that a low rate of interest together with taxation will make Minnesota a very poor state to invest in. Such a law, it is said, will generally affect Duluth, which, on account of its rapid growth, needs a great deal of capital. One loan agent in the city today informed The Herald that one of his clients who had already invested a million and a half dollars in real estate securities, had written him not to make any more loans until the legislature adjourned or had killed the usury and taxation bills. Duluth has as much interest in defeating these bills as any city in the state and strangely enough has as yet done apparently nothing to defeat them.

ATTACHED BOX RECEIPTS.

The Cash of the Rooney Aggregation Held by a Kinsman.

Sheriff Sherry furnished the box receipts of Temple Opera last night. The levy was made by Attorney White, Reynolds and Schmidt in behalf of William H. Kemper, manager of a theater at Horton, Kan.

Manager Graves, of the Rooney company, it seems, agreed with Kemper to play his attraction at the Horton Opera house and failed to keep his agreement. Kemper brought suit and secured judgment against the company for \$200. It is probable that the matter will be settled here in some way although the manager of the company threatens to fight it out. As judgment is already secured, all that is necessary for Kemper to do here is to bring suit to establish the jurisdiction of this court on the judgment.

A MORMON OUTRAGE.

Welsh Miner Driven to Suicide by Persecution in Utah.

SODAS, N. Y., March 13.—Mrs. Annie Thomas passed through here on her way from Salt Lake City to Wales with her four fatherless children. She had been in the country five years, her husband having been employed in the mines at Soofield, Utah.

The mormons demanded some time ago that the family join them. Thomas indignantly refused, and thereafter was subjected to such persecution that in the early part of last month he fled to endure it no longer and decided to go back to Wales. The threats upon his life had so affected his mind that even after he was on the train and outside the territory he thought he was being followed by persons who meant to kill him, and in order to escape these fancies he jumped overboard while crossing the Detroit river and was drowned. Mrs. Thomas, who seemed to share the same fears, became well-nigh distracted and to the misery, she was left with no money or railway ticket. Kind-hearted passengers paid her fare and aided her in every way possible.

ALEXAND

WORLD OF COMMERCE.

Cash Wheat and Future on the Duluth Market.

MONEY MARKETS IN THE EAST.

Leading Speculative Commodities in All the Leading Markets of the World.

The market opened weaker here today, the first sales being made in the May option at 1/2 below yesterday's close. The feeling was dull and the tendency of prices after the opening were downward. Trading was confined almost exclusively to the May option. Outside news was plentiful. Foreign cables were for the most part firm. The Paris cables stated that the deficiency in the French wheat crop on account of damage was 25 per cent. The weather was now, however, reported to be more favorable in France. The banks and business at Buenos Ayres resumed business this morning and a changed feeling prevails. The Northwestern miller reports a better foreign demand for flour and has advanced 3c to 3 1/2c for the week. The four clearances today were 38,424 bbls and 27,033 sacks and 5082 bu wheat. St. Louis reported French orders for wheat. After a dull market here, with declining tendencies, the close was steady at from 1c to 1 1/2c below yesterday's figures, and 1 1/2c below today's opening all around. There was some trading. No trading here after the close, the feeling being considerably nervous under the influence of bullish wires. May No. 1 hard wheat sold first at \$1.05 1/2, and dropped to \$1.05, \$1.04 1/2, \$1.04, selling in large lots. The close was weak at \$1.04, sellers. May No. 1 northern sold quite late in the session at \$1.01 1/2, and ruled dull, declining and weak. In the last half hour, although it declined there was a firming up of demand. The close was \$1.00 1/2 bid. There was considerable trading in No. 1 northern wheat to arrive at St. Louis. This is the best price paid since last October for this wheat. No trades were made in other wheat. The closing prices today were as follows:

	Cash	May	June
No. 1 hard	99 1/2	100 1/2	101 1/2
No. 1 northern	99 1/2	100 1/2	101 1/2
No. 2 northern	99 1/2	100 1/2	101 1/2

Cars on track: Wheat, 33; last year wheat, 54. Receipts: Wheat, 24,083 bu. Shipments: Wheat, 5347 bu. Inspection: Cars No. 1 hard; No. 1 northern 11; No. 2 northern 3; total 21.

Minneapolis Market. MINNEAPOLIS, March 13.—Wheat market opened strong for futures today. Receipts were 324 cars for 24 hours, shipments 77 cars. Towards the close the markets were dull.

Chicago Close. CHICAGO, March 13.—Following is the close: Wheat, 99 1/2@100. May, 101 1/2@102; July, 98 1/2@99. Corn: steady; cash and March, 60 1/2@61. April, 60 1/2@61; May, 61 1/2@62; July, 60 1/2@61.

State Republican Clubs. Yesterday fully 600 delegates were present from 125 clubs at the state republican league meeting in Minneapolis. Not many of the older leaders were present, however. It was shortly after 2 o'clock when President Tim Byrne called the convention to order, and Senator J. D. Smith was made chairman. Speeches followed by E. C. Evans, J. H. Sanborn, M. J. Donnelly, Mr. McKee, a colored delegate from St. Paul, and others. The committee on resolutions, permanent officers, order of business and revision of the club's constitution were appointed.

Sold Bonds. The school board has sold \$150,000 worth of bonds of the Independent school district in New York. They are for finishing the high school and were authorized last year by vote. Interest on these bonds is 4 1/2 per cent.

Minnesota Iron Company's Fifth Ship. A number of prominent men have been invited to attend the launch of the steel steamer *Marina*, the first vessel completed at the yard of the Chicago Shipbuilding company, which will occur Saturday. The visitors will be escorted to the yard by a brass band. The dimensions of the steamer are 278 feet over all, 40 feet beam, 21 feet depth. She will have a displacement of 4000 tons. The christening will be performed by Mrs. W. I. Babcock, wife of the manager of the yard.

The Great Petition. John Milton once said, "reformers look very small in the eye of the world, but very large in the eye of God, they are so much nearer Him." So we believe every effort of God's people for the amelioration of the sins and sufferings of His creatures, though small in the estimate of the world, are great in the mind of Him who alone can render them victorious. The great petition of the world's W. C. T. U. is the plea of womanhood for the protection of her home and the salvation of her sons and daughters. This petition is in circulation the world over. Great Britain and Africa are pressing its claims.

Miss Willard writes: "We hope this will be a year when the work for this petition will be so largely increased that when we meet at Tremont Temple, Boston, in November, 1891, there will be towers and battlements of petitions heaped up as a testimony that the great document is about ready to start on its travels. We want the heart of Lady Henry Somerset to be encouraged by the object lesson there presented; and perhaps she will bring over the immense roll of signatures that she will have obtained from the lady she has appointed for that purpose, while I am sure that Canada will not be in arrears, for it has already given us a good report of the work now in progress."

Send all signed petitions to Miss Alice E. Briggs, Evansville, Ind., and for blank petitions, directions for circulation, to Mrs. Mary A. Woodbridge, Ravenna, Ohio.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder

ABSOLUTELY PURE

CITY BRIEFS.

Reserved seats for the "Shamrock and Rose" may be had by applying to L. Weber, 111 West Superior street, free of charge.

Clothing for distribution among the families of the sufferers from the Thatcher tenement house can be had by calling at 307 East Third street Saturday between 12 and 2 o'clock p. m.

There will be a baptismal service next Sunday evening at the Endion baptist church.

The Y. P. S. C. E. of the First baptist church will give a sleigh ride to Lester park this evening. They will lunch at Mine Host Derby's with the Lakeside members of the First church. All wishing to go will assemble with lunch baskets at 7:30 sharp.

The sale of seats for the Scharwenka concert is now on at Boyce's drug store and Curtis' music store.

During 1890 St. Louis county issued 414 marriage licenses, forty-seven divorces, 1300 first papers and 102 second papers.

Judge Stearns has been notified that citizens of Lake county had voted to recommend George Munford as clerk of court under the late law affecting judicial districts.

Henry J. Jordan, of this city, received a telegram last evening that Mrs. Thos. Devine, a former resident of this city, has died at Kent, Wash. Thomas Devine lived in Duluth up to a year ago.

The following variations in temperature were recorded at Pioneer Fuel company's office, Hotel St. Louis, 326 Superior street: 12 m., 14° above; 3 p. m., 17° above; 6 p. m., 14° above; 9 p. m., 7° above; 12 m., 0°; 9 a. m., 1° above; 12 m., 10° above. Maximum, 30° above; minimum, 0° above; daily range, 30°.

Sheriff Sharkey levied yesterday on liquors and other personal property of Al Wagner's to satisfy claims for \$400 due Chicago parties.

John W. Curtis has begun action for divorce from his wife Catherine M. Curtis on the ground of adultery committed with William Robertson. Robertson, who had this winter been advertising solicitor of the News, has skipped to New York.

Last evening the retail clerks met in regular session. For applications for membership were received; all the outstanding bills were ordered paid and the secretary was instructed to draw a check for \$10 to help defray the expenses of the Gompers celebration.

The Duluth & Winnipeg has begun condemnation proceedings against owners along its line between Clouet and Short Line Park, to secure it right of way. The route has already been detailed in The Herald.

The John Cogan grand larceny case was dismissed this morning by the municipal court on motion of the county attorney.

PERSONAL.

Mr. and Mrs. George C. Howe, accompanied by Mr. and Mrs. N. C. Threlkeld, St. Paul, have just returned from a three months' trip in Europe.

L. W. Spear returned from a telegram that his wife and baby are ill. Master Harry E. Carey celebrated his 12th birthday yesterday afternoon by a party in honor of his aunt.

Mrs. O. P. Stearns has just returned from a visit of a week's duration in St. Paul.

W. C. Farrington, of the Great Northern road, returned today from a month's Western trip.

Ernest Bula, assistant in the office of the Cook county register, was drowned the other day at Grand Marais.

P. W. Robinson, representing Finch, Van Slyke, Young & Co. of St. Paul, in the city looking after the furnishing of the Lyceum theater.

Dr. Von Suesmich left today for Delaven, Wis.

The Scharwenka Program. Following is the program for the Wednesday evening entertainment given at Pilgrin congregational church by Herr Xaver Scharwenka, Miss Emma Von Elsner and Ernest Lechmann. It will be seen that the selections to be sung by Miss Von Elsner avoid classical and give the entire program a lightness that will probably be appreciated:

- a. Adagio.....Reinherz
- b. Mazurka.....Popper
- c. Les Vespres Siciliennes.....Verdi
- d. Etude.....Miss Emma Von Elsner
- e. Polonaise.....Liszt
- f. Herr Xaver Scharwenka
- g. Staccato Polka.....Mulder
- h. Monette, Op. 49.....Scharwenka
- i. Romanza, Op. 25.....Scharwenka
- j. Two Polish Dances, Op. 16-3.....Scharwenka
- k. Herr Xaver Scharwenka
- l. Stella Confidante.....Johann
- m. Miss Emma Von Elsner
- n. Cello by Mr. Lechmann

Social Notes.

The Thursday Evening Progressive Euchre club met last night at the house of Burt Marshall, 2020 West Third street. The head prize was won by Mrs. Fred Green, while C. A. Gregory, for the third successive time, too, proudly took in the booty prize. There were present Mr. and Mrs. C. E. Wright, Mr. and Mrs. C. A. Gregory, Capt. and Mrs. E. S. Smith, Capt. and Mrs. Fred W. Green, Mr. and Mrs. J. W. Fee, Miss Annie Elmer, Messrs. Will Pett, Frank Wright.

The next meeting of the Chautauque circle will be held at the residence of J. J. Wiggins, Tuesday evening next. Following is the program: Roll call; Walks and talks in the Geological Field, chapters I to V; Mr. Wiggins; "The Life of Milton," Miss Marjorie; History of the Church in the United States, pages forty to sixty, Mrs. Boyington; "On Writing English," Miss Baskerville.

The Saturday Club.

The following papers will be read: "The Battle of Sedan," by Mrs. W. I. Mahon; "The Colonies of France," by Mrs. F. D. Day. These will be followed by the questions on the history of France during the present century. The subject for general discussion is "Does Man Make His Circumstances or do the Circumstances Make the Man?"

Children Cry for Pitcher's Castoria.

The memory of one famous pioneer missionary, Marquette, is effectively preserved in the name of one of Michigan's leading railroads, the "Pint & Pere Marquette." From Manitowoc and Milwaukee, Wisconsin, this company runs its own steamers to Ludington, Michigan, which was called Pere Marquette at the time the road began to build across Michigan to it. Pere is the French word for father.

Children Cry for Pitcher's Castoria.

A New Hat.

The Clan Stewart has rented the old Knights of Pythias rooms in the Hunter block for three years and has completely refitted and furnished them. They will open their new hall next Wednesday with a sociable and dance.

What a Woman Eats.

Of twenty women lunching at a popular restaurant a few days ago, says a writer in the Ladies Home Journal, five ordered ice cream and cake; three a piece of pie and cup of coffee each; two had bread and butter, followed by dark fruit cake; and the eight remaining women were divided between eclairs, cream-cakes, jelly-tarts and doughnuts, with an occasional cup of coffee or tea. There was one sensible woman. The majority of these lunchers were working women. They had probably been at work since 9 o'clock that morning, and had yet some four or five hours more of labor before them upon a piece of pie a cup of coffee! Among the ladies working class the same thing exists also, and women deliberately refuse to avail themselves of cheap and nutritious food. It is scarcely necessary to add that among the forty odd women who came and went during my luncheon, there was scarcely one with a clear, rosy complexion such as every woman should have, or who gave the impression of perfect health.

For Sale, 500 acres in town 49, range 20, Carlton county, 75 cents per acre. THOS. WATTS, 530 Union block, Minneapolis, Minn.

Serious Danger.

Threatens every man, woman or child living in a region of country where fever and ague are prevalent, since the germs of malarial disease are inhaled from the air and are swallowed from the water of such a region. Medicinal safeguard is absolutely necessary to nullify this danger. As a means of fortifying and assisting the system so as to be able to resist the malarial poison, Hostetter's Stomach Bitters is incomparably the best and the most popular. Irregularities of the stomach, liver and bowels encourage malaria; but these are speedily rectified by the Bitters. The function of digestion and secretion are assisted by its use, and a vigorous as well as regular condition of the system promoted by its use. The Bitters purify the blood thus defended against the incursions of malaria by this matchless preventative, which is also a certain and thorough remedy for the worst cases of intermittent and remittent fevers.

Academy of Music moved to Masonic Temple, room 308. Piano instruction. GERARD TONNING.

Lovers of honey will be gratified to learn that Dr. Bull's Cough Syrup is a much sweeter article and much better for a cough. Price twenty-five cents.

"Sincerely Able to Walk."

How often have we heard that from people just getting about after a severe illness; how often is it on the lips of the weary house-mother at the close of the day, when it seems as if every burden of the whole family had been laid on her shoulders. How welcome to all such is the invitation of some friend to "take a ride"; how the spin through the fresh air brings color to the pale cheeks, lights up the dull eye and renews the strength. If your friends are in this tired condition, give them a ride, and one that has a constant change of pleasant scenes will be the best. The most charming scenery in the West is that along the Mississippi river, from Rock Island to St. Paul, and "The Burlington" is the line by which to see it, gliding over a smooth track in palaces on wheels. Buy a ticket over this line for your friend who is "sincerely able to walk," and get your money back in noting the improvement sure to follow the journey. Any ticket agent of "The Burlington" or connecting lines can attend to this kind of a call, or if you wish to know more about the line write to W. J. C. Kenyon, Gen. Pass. Agent, C. B. & N. R. R., St. Paul, Minn.

A DAY OF SEVERE FIRES.

Syracuse Has the Most Serious Blaze in its History.

NASHVILLE AND CHICAGO ALSO.

While Duluth Has a Little One Just to Keep in the Style.

UTICA, N. Y., March 14.—A great fire is raging in Syracuse. The Utica fire department has been called upon, and has sent much assistance. It is feared that the entire business part of the city will burn. The Vanderbilt house, the Montgomery flats, the Holden block, and several other of the largest buildings in the city are on fire, and the flames are spreading.

Syracuse, 5:50 a. m.—The Syracuse Associated Press office, in the city, is in flames. The building is on fire, and the flames are spreading rapidly. The fire started at 5:10 this morning.

Two large fires are now raging in Syracuse, one started in the wholesale district at 6 o'clock this morning, on Franklin and Fayette streets, and has destroyed every store on the south side of the street, including the store of Hogen, block, New York block, Loomis block and other buildings.

At 7:30 o'clock fire broke out in the Roscoe wholesale brick field house, on another section. It quickly spread to adjoining buildings east and west, and is now confined to the Vanderbilt house on the west. The Syracuse Journal is on the west. The Yates block is now burning furiously with a high wind prevailing. The Montgomery flats building, a block in length and six stories high, is now burning. The fire is raging furiously. Assistance has been asked from Utica, Oswego, Baldwinsville and Fulton.

At 10 a. m.—The fire is not under control. The Candee house has been burned. The Candee house is on fire, and the flames are spreading. The Candee house is on fire, and the flames are spreading. The Candee house is on fire, and the flames are spreading.

At 10:30 a. m.—The Candee house is on fire, and the flames are spreading. The Candee house is on fire, and the flames are spreading. The Candee house is on fire, and the flames are spreading.

At 11 a. m.—The Candee house is on fire, and the flames are spreading. The Candee house is on fire, and the flames are spreading. The Candee house is on fire, and the flames are spreading.

ARE LYNCHED AND SHOT.

Judge Lynch Reigns Supreme in the Crescent City.

ELEVEN KILLED BY THE MOB.

Indignation Runs Away With Good Judgment Over the Result of the Mafia Trial.

NEW ORLEANS, March 14.—The Hennessy case—the trial of the nine Sicilians for the assassination of Chief of Police Hennessy on the night of Oct. 15—was concluded yesterday afternoon, the jury bringing in a verdict of not guilty as to three of the accused and failing to agree upon a verdict as to the other three. Surprise and dissatisfaction with the verdict was openly expressed in the court room, and the jurymen were hooted at when they reached the street.

The indignation over the verdict was great. Immediately after the close of the trial a mass meeting of citizens was called, and this morning a tremendous crowd gathered at the intersection of the foot of the Canal street and the foot of the French street, when addresses were made and the crime talked over until the great crowd was on the verge of frenzy. Then the mass meeting adjourned to the parish prison which was soon surrounded by several thousand people. The doors were forced open, and it is known throughout the city that many of the accused Sicilians have been killed.

All the prisoners that were on trial yesterday were killed except Incardina, Matranga and the Marchesini. In all eleven men were killed, six of them Sicilians. Joe Maccheca had a pistol and shot Ser. Henry in the neck, inflicting a slight wound. Politi is hanging to a lamp post at Tremé and St. Louis street. The other men are in the prison. The Sicilians killed are Manuel Politi, Pietro Monasterio, Antonio Scaffetti, Antonio Maccheca, Antonio Marchesini and Antonio Scaffetti.

CRAWFORD HANGED. The Murderer of Mrs. Mathias at Decatur, Ill., March 14.—Bill Crawford, the murderer, who has fought vigorously against a delay in his sentence, was hanged today. The insanity dodge was unsuccessfully worked.

The crime for which Crawford was hanged was the murder of Mrs. Col. Mathias on the night of Aug. 20, 1888. Crawford was an attractive woman, 23 years of age and the mother of three little girls.

LOST ON THE OCEAN. The Suez, New York for Hamburg, Adrift in a Disabled Condition. LONDON, March 14.—The Hamburg-American line steamship Suez, from New York for Hamburg, is breasting the channel seas without anything definite known as to her exact condition. Last Monday an accident occurred to her machinery, and since then she has been drifting down the channel in fearful weather.

A powerful channel tug, the Incanton, was sent out of Plymouth in search of the Suez. The tug was compelled to put back to port yesterday, having failed to find any trace of the Suez.

Another tug is to be sent out at once and the big passenger ship must be found.

IS THIS WAR? The British East India Company's Steamer Attacked by Portoguese. LONDON, March 14.—A dispatch from Durban today confirms the report that a Portuguese schooner has attacked and captured the British South African company's steamer Countess of Cararvon while the latter vessel was ascending the Limpopo river with rifles and ammunition.

TEXAS SIFTINGS EDITOR. The Fat Contributor Dies Today of Apoplexy at Sheboygan Falls, Wis., this morning.

Man Brought From Hawaii to Vote. CHICAGO, March 14.—Thomas A. Wilson, of Bridgeview, N. S., said today: "What do you think of bringing a man over 500 miles to vote and paying the entire expenses of the journey. That is what the Canadian Pacific is doing with previous to the last election. There was a precedent in Winnipeg that was known to be doubtful, but the franchise was needed to influence others, to return to Winnipeg that. I don't think you can discount this story, which illustrates the ditch in which the conservatives found themselves."

Test Case Probably. REDELFIELD, S. D., March 14.—F. W. Cannon, dentist, has been arrested here charged with violation of the prohibition law, on the testimony of three young men, who swore they were given and drank whisky, beer and wine in Cannon's office. Cannon's arrest was instigated by the finding of a jug of whisky in his bed. He was bound over.

O'Brien Worsted. LONDON, March 14.—Wm. O'Brien, M. P., has been adjudged a bankrupt on petition of Lord Salisbury. O'Brien sued Salisbury for libel and slander, lost the case, and is now being forced to pay costs amounting to £1700. Salisbury, who he termed insult to himself, by interfering proceedings against the Irishman and having him pronounced bankrupt.

May Take Indians. CHICAGO, March 14.—Buffalo Bill, who is stopping here, has received permission of the government to take the Indians from Fort Sheridan to Europe with his Wild West show, providing they wish to go. It is stated that the show will start for Europe April 1.

Catholic Leader Dead. BERLIN, March 14.—Dr. Ludwig Windthorst, parliamentary leader of the catholic party is dead.

GODFREY KNOCKED OUT.

Kilrain Proves Himself the Best Man of the Two.

SAN FRANCISCO, March 14.—Whether last night's meeting between Jake Kilrain and G. Godfrey was to have been a second edition of the La Blanche-Mitchell fizzle has been the all-absorbing question of the sporting resorts.

The backers of both men were emphatic and pronounced in their declarations that it was to be on the square, before the victor should be awarded the \$4000 put up by the Californian Athletic club.

Godfrey, a training hard and looking in magnificent condition, Kilrain had an advantage over him in the matter of age by seven years, and is a trifle taller with a longer reach. Consequently he had something of an advantage. He had been well trained by Billy Murdoch, and the wrestler-trainer believed that his man could whip Godfrey without trouble. The latter, however, was capable of taking a fearful amount of punishment, while, at the same time, he was hitting with terrific force.

The fight for \$5000, \$4500 to the California Athletic club last night. Kilrain's seconds were Jim Hall and Muldoon, and Frank Sheela, of Boston. The fight was closely contested, and up to the thirtieth round it was doubtful whether the result would be. Kilrain, however, was plainly a more scientific pugilist than his opponent, a fact which made every much which was hard work for Godfrey. In the thirty-seventh round Godfrey received a quietus and Kilrain was declared the winner.

GRAND RAPIDS REJOICES. Celebration Today in Itasca County Over the Organization Law.

GRAND RAPIDS, Minn., March 14.—Itasca county is in rejoicing today over the final outcome at St. Paul, which has seen the organizing bill made a law, and the commissioners appointed by the governor. The news was received Thursday by wire, and next day B. C. Finnegan, one of the commissioners arrived home, with his commission from Governor Knapp in his pocket. The other Grand Rapids commissioners appointed are L. P. Knox, and the other, of the three is John P. Sims of the Itasca Lumber company. As these appointees are solid for Grand Rapids, inspiring us the county seat and control of the other county officers to be appointed, this place is naturally greatly elated.

Tonight there is to be a big celebration, on arrival of the train which will bring from St. Paul those who have so gallantly conducted the fight. Representative L. R. Foley of the house of representatives, and Senator Allen, are among those expected, besides Sheriff Markham, H. W. Canfield, Capt. Chatterton, R. C. Mitchell and others. It is to be a blow-out long to be remembered.

CHILI HARD PRESSED. Dire Necessity of the Government Emphasized by Its Offers.

Buenos Ayres, March 14.—It is stated on good authority that President Balmaceda, of Chili, has offered amnesty to all rebels who will desert. An increase of 60 per cent in pay in all ranks of the army is also promised, with other munificent privileges. The rebels are also made to deserters in the rebel army. According to the government organ, El Progreso, the entire army of the government has gone over to the rebels, with the exception of the garrison at Santiago. Balmaceda and the whole of Southern Chili are now in the hands of the revolutionists, and it is expected that European powers will be asked to force the Chilean government to accept the rebels' move would practically cut off outside supply of munitions of war to Chili.

TIN MINING COMPANY. Chicago Corporation Formed to Operate in the Black Hills.

CHICAGO, March 14.—The Chicago Tin Mining and Milling company, with a capital stock of \$750,000, has been organized in this city for the purpose of mining and preparing tin ore in the Black Hills. Recent developments in that locality have shown the existence of large quantities of the ore, and the new company owns extensive property in that region on which the signs of ore are plentiful.

As soon as a sufficient quantity of ore has been mined a mill for concentrating the ore will be built. The concentrate will probably be sent to Chicago to be melted and then marketed either in Philadelphia or New York.

Women Exterminate Saloons. MOUNT EUNA, Ind., March 14.—Women armed with clubs and axes, beat down a saloon door yesterday, emptied all vessels, demolished the furniture, and gave notice that all drink shops would share a similar fate. No one interfered and it is thought all other places will close.

The Mafia Verdict. NEW ORLEANS, La., March 14.—In the trial of the murderers of Chief of Police Hennessy, the jury entered the following verdict: Mistrial as to Politi, Manasterio and Scaffetti, not guilty, as to Maccheca, Marchesini, Bagnetto, Marchesini (the boy), Incardina and Matranga.

A Difference in the Bering Sea Matter. OTTAWA, Ont., March 14.—Sir John Thompson, in speaking of the Bering sea question, said that only one difficulty existed between Lord Salisbury and Secretary Blaine. It practically amounted to a difference of opinion respecting the form of submission in the case for arbitration.

New Customs District. PENNSYLVANIA, D. March 14.—Collector of Customs N. E. Nelson, will open the new customs district for North and South Dakota, April 1. Timothy O'Brien, of Neche, will be appointed deputy collector at Neche and Henry McGuire at Wallhalla.

Wesley Centennial Memorial. CINCINNATI, March 14.—The centennial of the death of John Wesley will be celebrated in all the Methodist churches of this city and Covington, Ky., tomorrow with appropriate services, and the Methodist ministers of the two states will also have a celebration on Monday.

Owing to the fact That we have had an immense stock of valuable goods and the scarcity of money, our stock is still quite heavy. Besides an exquisite selection of fine gold and diamond jewelry, we have still left a fine lot of watches, solid silver, silver-plated ware, including Rogers' dinner and fruit knives, forks, table, dessert and tea spoons, dinner and pickle castors, cake baskets, butter dishes, child's cups. Also a full line of general jewelry, and other articles too numerous to mention. Repairing of all kinds attended to up to the last. Auction sale daily, 2 and 7 p. m. Private sale forenoon at auction prices. Call and see us.

ANDREW JACKSON, jeweler, 115 West Superior street.

PRICE THREE CENTS.

THE DOCTORS AGREE.

They Feel Sure That Impure Water is the Trouble.

AND THEY SO RECORD THEMSELVES.

Advocate the Removal of the Water Supply to a Safe Source of Supply.

At the last meeting of the St. Louis County Medical society the matter of Duluth city water supply was discussed. The sense of the meeting is embodied in the following resolutions which were adopted and submitted to The Herald for publication:

Whereas, In our belief typhoid fever is mainly due to the use of impure or polluted water, and the reports of cases on file at the health office show that the majority of the cases have occurred in houses which are supplied with water by the Duluth Gas and Water company; therefore be it

Resolved, That the St. Louis County Medical society place itself on record as advocating the removal of the intake pipe to a distance which will insure a pure water supply, and that this be done at the earliest possible date, and in the meantime the consumers be urged to recommend to subject all water to a prolonged boiling before using.

This action was taken at the last meeting of the medical society. It was caused by statistics secured upon the action by citizens who believed that any action it might take would be of great benefit.

ASH PROTESTS.

The Surveyor General Looking Up the Alleged Woodchuck. Surveyor General George P. Ash went down to St. Paul to look up the woodchuck in the bill introduced for the purpose of dividing the Fifth logs and lumber district. He will show to the solons the capital that all the logs loaded in what would remain in the Fifth district after the bill passes footed up last year \$3,045,751 feet, and all the logs scaled in this territory up to this district only foot up 18,150,534 feet. At took eighteen men to do the scaling in that section last year and eight men this year. There are about 100,000 men of logs scaled tributary to the Knife Falls boom each year bringing to the Duluth office fees of \$1800 a year. The total fee does not reach a figure outside of \$2500. The Eighth district, if the bill passes, will take the lion's share of the fees of the office.

To Prove Property. Judge Ensign signed orders in supplementary proceedings today, commanding O. B. Porter and Julia A. Ayers to appear before referee Zastrow and testify as to the amount of her property. Judgment has been obtained against each of the defendants by Rose & Hoskins, grocers, but when executions were levied the sheriff returned them unsatisfied.

The Y. M. C. A. In addition to Dr. Heath, of St. Paul, John H. Elliott, the general secretary of the Y. M. C. A. of Minneapolis, will speak at the Y. M. C. A. "Annual Rally" President Woodbridge tomorrow evening. The Woodbridge will be a feature of the evening and the service will be unusually pleasant one. Our business men should be present at this meeting.

An Inquest Today. An inquest is being held this afternoon at Durkin's morgue over the remains of S. F. Leddell. Full testimony will be taken in order to discover if possible how the deceased came to be on the track at Eighteenth avenue and the time the accident occurred. The time of the funeral is not yet known.

It is stated that when Mr. Leddell died he carried \$10,000 in St. Louis vision against movement company's stock. Only \$2000 was on the body.

Missionary Mass Meeting. On Monday evening at 7:30 in the First Methodist Episcopal church, Rev. Robert Forbes, D. D., of St. Paul, will address a missionary mass meeting for the head of the lakes. Everybody cordially invited. No collection.

WEST AND SOUTH.

How the Farmers and Democrats Hope to Control the Senate. WASHINGTON, March 14.—Some misunderstanding exists about the next session. It all the existing vacancies were filled up by the election of democrats, the republicans would still have a majority. As the roll now stands there are forty-six republican senators, thirty-six democrats and two farmers with four vacancies. If any of the democrats, for though elected by the alliance, he will act with the Bourbons just as Gordon, of Georgia.

As the total membership of the senate is eighty-eight, the republicans have already a clear majority over all, but this will be increased by the choice of a republican to fill the vacancy caused by the death of Senator Hearst, of California. In Maryland a democrat will succeed Senator Wilson, and if Ohio does not succeed himself in Florida some other democrat will take his place.

But while the political majority in the senate will remain unchanged, there is a possibility of a sectional majority from the South and West dominating. Senators from Nevada, is enthusiastic about the outlook for his new Western and Southern combination. He is willing to yield a good deal to the Southern support of silver. The trouble will be that few of his silver state colleagues will go with him. They dare not. All the silver state senators made a tremendous fight to get the discriminating provision against Mexican lead ores in the silver bill, and they succeeded. The Montana and Idaho senators are also interested in silver, and they cannot afford to make a deal with the free trade democrats. But the senators from states which are strictly silver-producing ones may be ready to make a financial swap with the tariff reformers.

Mr. Plumb, of Kansas, managed to keep the good will of the alliance by proposing liberal financial legislation. The same is true of Mr. Paddock, of Nebraska, and Mr. Pettigrew, of South Dakota. If the alliance keeps growing they will hardly change their course next winter.

DULUTH, March 14.—Local forecast: until 8 a. m. tomorrow: Warner; fair weather.

THE WINTER'S FIRE LOSS.

The fire loss of the United States and Canada in February amounted to \$2,226,503. This is \$1,804,475 more than the fire loss in February, 1890, but that was exceptionally light. The fire loss in the first month of the present year was \$2,051,903 in excess of that in January, first month 1890. So far this year, therefore, says the Milwaukee Wisconsin, the maintenance of the great American ash-heap has cost nearly \$1,000,000 more than in the corresponding period of last year. The loss by fire during the three winter months of 1890-91 and the corresponding season of 1889-90 compares as follows:

	1889-90.	1890-91.
December.....	\$1,120,000	\$7,304,000
January.....	9,250,000	7,881,400
February.....	\$3,330,500	\$2,570,225

From this it appears that the fire loss this winter has been ten and one-half millions in excess of that of last winter.

THE BRAZILIAN TREATY.

If any doubts existed that the reports adverse to the reciprocity treaty purporting to come from Brazil were the malicious contrivances of jealous European merchants or of jealous American newspapers, such doubts are removed by the authoritative news which has lately come to the state department that the treaty has been formally proclaimed, and that in accordance with its provisions Brazilian ports have been opened to American products.

THE OUTING OF THE SONGS.

[Ernest Vincent Wright in Boston Transcript.]
"In the Sweet By-and-By."
"When the Swallows Homeward Fly."
"And the Mocking-Bird makes Music in the Air."
In the words near "Home, Sweet Home."
In the "Gloaming" we will roam
Till the Mocking-Birds have climbed the Golden stair.

"Annie Rooney," "Old Black Joe," and "Uncle Ned" with us will go. After "Dancing on the Ball" all bade us: "Then on 'Paddy Duffy's Cart' for the wood-lane we will start. But choose partners while we're 'Coming Thru the Rye'."

"When the Hollyhock Again!"
And a moment "In the Starlight" we will stay.
Then we'll slowly wander down
And "Cherry in the Town."
And "Trump, Trump, Trump," to bed we'll fly away.

A STORY OF SCHARWENKA.

Herr Xaver Scharwenka is as fine a satirist as he is a composer. A writer in a New York musical paper the American Musician, found fault with his appearance at the Lotus club reception because there was some slight defect in the cut of the style or the fit of his coat. This aroused the sarcasm and the biting propensities of the musician, and he wrote a letter to the editor of the paper which was a crusher, noteworthy for its humor, its good nature and its keen edge. It so charmed the editor that in commending upon it he declares that in the event of any accident happening that might disable Scharwenka from playing the piano he (the editor) would be glad to give him a position on the editorial staff of the paper. Here is the letter. It is worth reading:

New York, Feb. 16.—MY RESPECTED FRIEND—As I know how zealously you come forward in behalf of persecuted innocence, and spare neither trouble nor expense to protect young and struggling talent against malicious representations, I venture to invoke your aid and protection, and entreat you to publish these lines.

The encouraging words which I have received from circles of friends had lulled me into sweet dreams, and I fondly imagined that public opinion respecting my artistic qualifications had been solid in my favor. Hence I am filled with grief and we at seeing that a writer in the American Musician does not like my coat.

One character so kindly as gentle as mine this deadly circumstance would have produced no effect if the honor of my Berlin tailor had not been involved. My conviction is that the respected contributor to the American Musician has been influenced by mere envy in representing such a derogatory judgment at my clothes for judging by the professional glance with which the pitiless critic so cruelly treats my best coat, the severe gentleman must once or a time have been a tailor, which explains why he wanted to stick his needle into it.

Every tailor trades union in the world will undoubtedly lament that they have lost such a colleague, who now devotes his shears to the service of journalism.

Now, do not get mad my dear American Musician. I am not a bad sort of a fellow, and if you'll just say a good word or two for me I'll be pained and order my next coat from you. Yours sincerely,

Van Houten's coons—once tried, always used.

"Oh! I wouldn't bother about all that. Cure your neuritis with Salvation Oil. Price twenty-five cents.

heavy gun; now guns are used that will send a shot more than ten times heavier. But John Bull in his complacency forgets that the great improvements he has made have been copies; that the United States had the first screw war steamer, that France built the first ironclad floating battery; that the United States first used the eleven-inch gun on shipboard. But John Bull need not lay these facts to heart. He is today far ahead of the originals.

Dispatches from Honolulu represent the struggle between Liliuokalani and her cabinet as due to the queen's honest belief that it is within her prerogative to dismiss the councilors of Kalanikou and form a new ministry. The cabinet on the other hand hold that they can be turned out only by the passage of a vote of want of confidence by the legislature. At the latest mail dates the cabinet was understood to have decided to hold on until the supreme court had passed on the constitutional question raised. It was believed that the court would sustain the cabinet. Well informed correspondents state in private letters that this cabinet question is merely an incident in a wider movement; that Hawaii is in the midst of transition from a monarchy to a republic, and a little retardation or acceleration is of small importance. The main solicitude at present of the foreign residents is for assurance that the queen will try to lead the native people toward purity and Christianity and away from vice and superstition. Of this there is hope, but no grounded assurance, as there are current reports that the queen is at heart a reactionist socially as well as politically. The cloud over Hawaii is growing and likely to burst this year.

The result of the municipal elections in New York state do not receive much attention from the democratic newspapers, except the New York Sun, which calls its party to note these facts: "In November, 1891, there will be an election in New York, of the highest importance to the democratic party of the state and of the nation. If the republicans carry that election, they will expect, and they will be justified in expecting, that the electoral vote of New York will be cast for the republicans, and that the republicans will be elected to the state and of the nation. In March, 1891, the democrats of New York are routed, and the republicans successful beyond their hopes, in the municipal elections. This is no good omen for the fall election."

Eight states have adopted ballot reform laws this year, making the total number of such enactments to date twenty-one. The politicians of Maine and New Hampshire in New England still hold out against the reform, which indicates a controlling desire not to relinquish the bad methods that the Australian system would render impossible.

Parnell has issued another appeal to Americans for money. The best thing Irish supporters in America can do is to withdraw all support from both sides in the Irish fight until it is shown that the funds sent are not to be wasted in a useless family jar.

New York, Feb. 16.—MY RESPECTED FRIEND—As I know how zealously you come forward in behalf of persecuted innocence, and spare neither trouble nor expense to protect young and struggling talent against malicious representations, I venture to invoke your aid and protection, and entreat you to publish these lines.

The encouraging words which I have received from circles of friends had lulled me into sweet dreams, and I fondly imagined that public opinion respecting my artistic qualifications had been solid in my favor. Hence I am filled with grief and we at seeing that a writer in the American Musician does not like my coat.

One character so kindly as gentle as mine this deadly circumstance would have produced no effect if the honor of my Berlin tailor had not been involved. My conviction is that the respected contributor to the American Musician has been influenced by mere envy in representing such a derogatory judgment at my clothes for judging by the professional glance with which the pitiless critic so cruelly treats my best coat, the severe gentleman must once or a time have been a tailor, which explains why he wanted to stick his needle into it.

Every tailor trades union in the world will undoubtedly lament that they have lost such a colleague, who now devotes his shears to the service of journalism.

Now, do not get mad my dear American Musician. I am not a bad sort of a fellow, and if you'll just say a good word or two for me I'll be pained and order my next coat from you. Yours sincerely,

Van Houten's coons—once tried, always used.

"Oh! I wouldn't bother about all that. Cure your neuritis with Salvation Oil. Price twenty-five cents.

SOCIAL NEWS.

News of a Ball Week in Duluth Social Circles; Entertainments are But Few.

The Thursday Evening Progressive Euchre club met this week at the house of Burt Marshall, 2025 West Third street. The head prize was won by Mrs. Fred Green, while C. A. Gregory, for the third successive time, too proudly took in the booby prize. There were present Mr. and Mrs. C. E. Wright, Mr. and Mrs. C. A. Gregory, Capt. and Mrs. E. S. Smith, Capt. and Mrs. Fred W. Green, Mr. and Mrs. J. W. Pea, Miss Annie Elmer, messrs. Will Pett, Frank Wright. The next meeting of the Chautauque circle will be held at the residence J. J. Higgins, Tuesday evening next. Following is the program: Roll call, Walks and talks in the Geological Field, chapters I to V, Mr. Higgins; "The Life of Milton," Miss Manzreco; History of the Church in the United States, pages forty to sixty, Mrs. Boyington; "On Writing English," Miss Baskerville.

A social gathering of the alumni and former students of the State university was held Wednesday night at the residence of Dr. Bowman.

The Y. P. S. C. E. of the First baptist church gave a sleigh ride to Lester park last evening. They lunched at Mine Host Derby's with the Lakeside members of the First church.

A small dinner party was given last evening to a few friends by Mr. and Mrs. C. Markell.

Personal.

E. L. Emery is expected home Sunday morning.

Mrs. O. P. Stearns has just returned from a visit of a week's duration in St. Paul.

W. C. Farrington, of the Great Northern road, returned yesterday from a month's Western trip.

L. W. Spear has gone to Washington, D. C., in response to a telegram that his wife and baby are ill.

Bishop Gilbert is the guest of Rev. W. M. Barker and will preach at the morning service at St. Paul.

Master Harry E. Carey celebrated his 12th birthday Wednesday evening by a party in honor of his aunt.

Mrs. A. J. Sawyer, Mrs. Glass and other former Duluth residents form a pleasant party of Minneapolisians in Duluth this week.

Mr. and Mrs. George C. Howe, accompanied by Mr. and Mrs. R. D. O'Brien, have just returned from a three months' trip in Europe.

Samuel Nesbitt has returned from Dublin, Ireland, where the system promoted by it. Constitution and physique are thus defended against the inroads of malaria by this matchless preventative, which is also a certain and thorough remedy in the worst cases of intermittent and remittent fevers.

The Scharwenka Program.

Following is the program for the Wednesday evening entertainment given at Pilgrim congregational church by Herr Xaver Scharwenka:

a. Adagio, Schumann, "Reinken b. Mazurka, Schumann, "Popper c. Les Vespres Siciliennes, Verdi d. Etude, Liszt e. Polka, Schumann, "Liszt f. Polka, Schumann, "Liszt g. Polka, Schumann, "Liszt h. WORLD OF COMMERCE.

Cash Wheat and Future on the Duluth Market.

MONEY MARKETS IN THE EAST.

Leading Speculative Commodities in All the Leading Markets of the World.

The first sales in May wheat were made at unchanged figures from yesterday's close, cash wheat also opened at yesterday's figures. The market ruled slow with moderate trading and declining up to noon. The receipts of wheat here this week amounted to about 140,000 bu., of which 50,000 bu. went to the mills. The increase in wheat stocks for Duluth for the week will amount to between 75,000 and 80,000 bu. The decrease east of the Rockies in the visible is estimated for the week at 400,000 bu., not including 300,000 bu. of wheat at Kansas City which left out of the reports. The decline in the foreign price was mainly due to the decline in foreign prices on more favorable weather reports and a report of a pack of wheat. If the financial news is true there will be no doubt that wheat prices next week. Later cable news stated that the Russian crops were badly damaged. Chicago reported 300 fair crop damage reports received about noon. Bradstreet figures out the report of wheat in the farmers' hands at 101,000,000 bu., and Dodge 112,000,000 bu. It was reported that St. Louis was loading 100,000 bu. of hard wheat for export and that 100,000 bu. of No. 1 northern was to be loaded Monday. The bank statement proved a bearish card. Under the influence of bullish news the market recovered some of its loss in price, gaining before the close 1/2 on the morning decline. The close was steady at nominal figures at a decline of 1/2 all around from yesterday except in May No. 1 northern, which closed at 1 1/2 below yesterday, and June No. 1 northern, which closed at only 1/2 off. The principal trading was in May options. May No. 1 hard opened selling at \$1.04 and \$1.05, May No. 1 northern at \$1.03, \$1.02, ruling slow and dull but recovering in the afternoon closed nominally at \$1.03. May No. 1 northern and very late at 99 1/2, ruling dull and neglected and closing at the same figure bid. Cash wheat cars in store sold at 10c for No. 2 northern and cars to arrive at 10 1/2 for No. 1 northern. No trading was done in other wheat.

The closing prices were as follows:

No. 1 hard	Cash	May	June
No. 1 Northern	94 1/2	95 1/2	100 1/2
No. 2 Northern	91 1/2	92 1/2	97 1/2

Reserve, decrease, \$1,067,400
 Loans, increase, 600,400
 Specie, decrease, 412,100
 Deposits, increase, 610,000
 Circulation, increase, 1,742,400
 Minneapolis Wheat, 4,400

Chicago Close.

CHICAGO, March 14.—Wheat steady; cash, 98 1/2; May, \$1.00 1/2; July, 1.01 1/2; corn steady; cash, 50 1/4; May, 60 1/2; July, 59 1/2.

A Land Case Settled.

Judge Eisinger today decided the case of Elizabeth M. Knox vs. Matthias Haug in favor of the defendant. The plaintiff claims that the defendant deeded her certain property in Maple Grove over twelve years ago. The deed was never placed on record. The defendant subsequently deeded the property to one McChellan, who placed his deed on record. The plaintiff alleged Haug's insanity at the time the last deed was made and introduced the records of the probate court to prove it. The court held there was no sufficient to prove the defendant's incapacity at that time for the transaction of business, although his condition might have warranted his commitment to an insane asylum.

The memory of one famous pioneer missionary, Marquette, is effectively preserved in the name of one of Michigan's leading railroads, the Flint & Pere Marquette. From Manitowish and Milwaukee, Wisconsin, this company runs its own steamers to Ludington, Michigan, which was called Pere Marquette at the time the road began to build across Michigan to it. Pere is the French word for father.

The alarm for the Woodbridge building fire was sent in through the American District telegraph, and a very quick response was made by the department.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

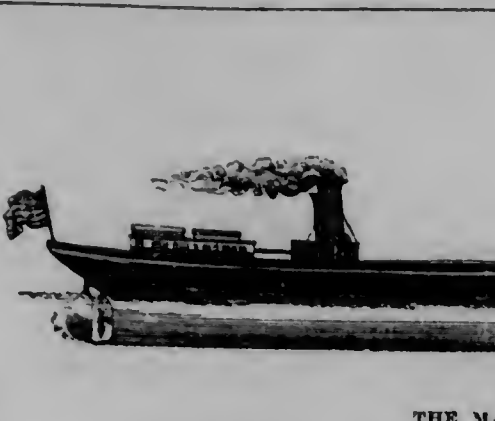

Royal Baking Powder

ABSOLUTELY PURE

THE STEAMER MARINA.

A Fifth Ship Launched for the Minnesota Iron Company.

CHICAGO, March 14.—This afternoon, in the presence of a large crowd, the first steel steamer ever constructed by the Chicago Shipbuilding company was launched at their yard in South Chicago. The vessel is named the Marina and was built for the Minnesota Steamship company—an off-shoot of the Minnesota Iron company.

THE MARINA.

The Marina is the fifth of the same class built by the Globe company, of Cleveland, and is an exact counterpart of her predecessors. Her dimensions are 238 feet over all, 40 feet beam and 24 feet depth of hold. She has displaced 4000 tons. The machinery is all of the most approved modern pattern. Two tubular steel boilers weighing 130,000 pounds furnish steam for triple expansion engines of 1400 horse power. She will have a carrying capacity of 3000 tons drawing fifteen feet of water. As soon as completed the company will place her in the ore carrying trade between Two Harbors and the lower lakes.

AT THE CHURCHES.

Notes of Services Tomorrow at a Number of Duluth Churches.

It is not intended in the following announcements, to note all the church services of Duluth, but merely those where special topics are discussed tomorrow.

West and episcopal mission—Bishop Gilbert will hold service and preach at the chapel on Twenty-first avenue west, near First street, at 3:30 p. m.

St. Paul's episcopal church, corner Lake avenue and Second street—Fifth Sunday in Lent. Holy communion, 8 a. m.; general Bible class, 10:30 a. m.; morning service, 11 a. m. Bishop Gilbert will preach at this service and administer confirmation. Sunday school, 12:30 p. m.

Evening service and illustrated sermon on "Events in Our Lord's Life, Particularly the Passion," 7:30 p. m. During the week, daily service, (except Wednesday), at 4:45 p. m.

Bethel—C. C. Salter, pastor. Sunday school, 3 p. m.; stereopticon lecture, 7:30 p. m. Ben Hur, "The Lost Found."

Edison baptist church, Second street and Tenth avenue east—Pastor, Rev. George H. Kemp. Services at 10:30 a. m. and 7:30 p. m. Morning, "Contenting for the Faith," evening, "The Church Responsive to the Call of God." Sermon at the close of evening service; Sabbath school, 12 m.; Young Peoples society, 6:45 p. m., "Christ, the Ark," leader, Walter Clements.

First Presbyterian, morning subject: "Themes for Christian Meditations." There will be evening service. Church will join in the union services at Temple Opera in the interest of the Y. M. C. A.

Second Presbyterian, morning subject: "Revelation at the Burning Bush;" evening, "Revelation at Calvary." Sabbath school 1:45 a. m.; mission schools at 3 p. m., at 744 Garfield avenue, 2:25 West First street and 630 West Fourth street. Young people's meeting at 6:45 p. m.

Beginning with Monday, March 16, there will be evangelistic services at the Second Presbyterian church for two weeks daily at 7:30 p. m. The pastor will be assisted by Rev. W. B. Green-shields, Rev. Dr. Adams and other neighboring clergymen.

First unitarian church, corner Fourth street and Fifth avenue west. E. O. Sharpe, pastor. Morning sermon on "The Attractive Power of Christ." In the evening the Ladies Missionary society will render a program in behalf of the Indian hospital fund. Beginning next Monday evening a series of evangelistic meetings will be conducted by this church. All invited to attend every evening during the protracted services.

First unitarian church, Rev. T. Jefferson Volentine, minister—Services at 10:45. Sunday school at 12. All seats free and a hearty welcome for strangers. Subject of discourse, "Fride of Citizenship."

First baptist church—Morning service, the second in a series on the gospel to the Romans, entitled, "Ancient Paganism and its Penalty." Young people's meeting at 7 p. m. No services in evening on account of Y. M. C. A. gathering at Temple Opera.

St. John's English evangelical Lutheran church at Parsons College hall, Rev. H. L. McMurray, pastor. Services Sunday morning 10:30, subject: "The Hall of the Great and Only Son of the Saviour." Ever Sung, Sunday school 11:40 a. m. In the absence of the pastor the services in the evening will be held in the Swedish evangelical Lutheran church, subject: "The Lord's Trial Before the High Priests."

The First Methodist Episcopal church, corner of Second street and Third avenue west. Rev. Robert Forbes, D. D., will preach and conduct the sacramental service. All evening services omitted.

Children Cry for Pitcher's Castoria.

Lovers of honey will be gratified to learn that Dr. Bull's Cough Syrup is a much sweeter article and much better for a cough. Price twenty-five cents.

TO REDUCE THE LICENSE.

A Secret Move to Cut it Down From \$1000 to \$500.

A report has gained currency in effect that a bill would shortly be introduced in the legislature reducing the liquor license from \$1000 to \$500 in Minneapolis, St. Paul and Duluth. It is understood that a petition to this effect has been very quickly circulated among the influential men of the two cities supposed to be favorable to the change.

The movement has been very quiet and it is even denied by many of the liquor men that a movement to that end is on foot. It is definitely known, however, that a petition has been circulated in this city and elsewhere. It is stated by some Duluth men interested that a petition is being extensively signed, ask-

THE MARINA.

ing the legislature to modify the high license law so that saloon keepers in cities of over 20,000 inhabitants shall be compelled to pay \$1000 license. In cities of a population less than 20,000 the license is to be placed at \$500; thus enlarging the list of cities with a population between 10,000 and 20,000. The present law makes a fee of \$1000 for all cities of over 10,000 people.

CITY BRIEFS.

A coronet band is being organized at the west end of the city.

The sale of seats for the Schwanenka concert is now on at Boyce's drug store and Curtis' music store.

The question of an additional daily train between Duluth and Ashland has been taken up by General Manager Ainslee, of the Wisconsin Central, and General Manager Melton, of the Northern Pacific, and the indications are favorable to putting on the train within the next two weeks.

An alarm of fire was rung in at 1 o'clock this morning from box 512. The fire was a small blaze in a blacksmith shop on Michigan street between Twentieth and Twenty-first avenues west. It amounted to little.

The building inspector has issued permits to Gus Bergquist to erect a \$300 dwelling on Fourth street near Ninth avenue west, and to P. C. Ouellette to erect a dwelling on Fourth avenue east, near Sixth street, to cost \$2000.

The great depth of snow in the woods is causing much trouble.

The Ladies of Edinboro baptist church will give an Easter social and fancy sale.

The business men's class in the gymnasium of the Y. M. C. A. appears to be very popular.

Henry Dumas, a young son of N. Dumas, died yesterday at 1114 Garfield avenue of diphtheria. This is the second death in the same family from the same cause within a week.

There was no performance of Pat Rooney last night, nobody appearing to want to see Mr. Rooney and his illimitable segregation.

The school board calls for bids for the earth and rock excavation for the Emerson school, to be built on Eleventh avenue west and Third street.

The following variations in temperature were recorded at Pioneer Fuel company's office, Hotel St. Louis, 320 Superior street: 12 m. 10° above; 3 p. m. 16° above; 6 p. m. 16° above; 9 p. m. 12° above; 7 a. m. 2° below; 9 a. m. zero; 12 m. 8° above. Maximum, 16° above; minimum, 2° below; daily range, 14°.

A bottle of filthy city water drawn a few days ago by John T. Woodbury from his house faucet, which he a few days ago showed The Herald, was yesterday sent East for analysis.

Good mortgages and short time paper bought. Loans wanted.

John H. Elliott, general secretary of the Y. M. C. A. of Minneapolis, will speak at the young men's meeting at Y. M. C. A. 18 East Superior street, tomorrow afternoon at 4 o'clock. Those should take this opportunity to hear him. There will be a male chorus to lead the singing.

H. A. Ware and J. E. Bovee left on the Omaha train this afternoon for Chicago.

E. F. Clarke left today for Buffalo.

PROBABLY ALL RIGHT.

Believed that the incline road will go on all right.

G. G. Hartley and Luther Mendenhall returned today from an Eastern trip in which they were negotiating with property owners interested in property which would be appreciated in value by proposed improvements of the Highland improvement company.

They endeavored to get these non-resident property owners to put up a portion of the damages awarded property owners along the proposed route of the Seventh avenue west incline road. It is understood that they were partially successful in their mission, and that if certain contingencies are met everything will go on smiling.

The non-resident property owners will do their best. It is more than probable that the model will now be raised and the work on the incline be pushed with rapidity.

What a Woman Eats.

Of twenty women lunching at a popular restaurant a few days ago, says a writer in the Ladies Home Journal, five ordered ice cream and cake; three a piece of pie and cup of coffee each; two fruit cake; and the eight remaining women were divided between eclairs, cream-cakes, jelly-tarts and doughnuts, with an occasional cup of coffee or tea.

There was one sensible woman. The majority of these luncheoners were working women. They had probably been at work since 9 o'clock that morning, and had yet some four or five hours more of labor before them upon one piece of pie a cup of coffee! Among the harder working ones the same thing exists also, and women deliberately refuse to avail themselves of cheap and nutritious food.

It is scarcely necessary to add that among the forty odd women who came and went during my luncheon, there was scarcely one with a clear, rosy complexion such as every woman should have, or who gave the impression of perfect health.

W. H. FALLON,
Sergeant Signal Corps.

DULUTH, March 16.—Local forecast until 8 a. m. tomorrow: Warmer; fair weather.

A WORTHY ENDEAVOR.

If the announcement regarding Austin Corbin's intention to establish a new American line of transatlantic steamships, recently published in the telegraph columns of this paper, was made on his express authorization, it would be more satisfactory. However, there can be no question that it is semi-official and substantially embodies Mr. Corbin's plans.

The project is certainly a striking and audacious one and one that will have the best wishes of all who believe America is the best country on the face of the globe. It involves a jump from twenty knots, which is about the speed of the four fastest ocean steamers now afloat, to twenty-four knots, which has never yet been attained by any large vessel. It is problematical whether this speed can be reached, but if it is to be achieved at all, American shipbuilders, who are now constructing the fastest and strongest war vessels in the world, are certainly the ones to do it. Considering the requirements in size and speed, the price of the eight Corbin ships—\$1,500,000 each—is not excessive. The City of Paris and City of New York, which the new Americans vessel will totally eclipse, cost about \$1,000,000 apiece, and it is said that their builders lost money on the contract.

It goes without saying that if the Corbin line is put in operation, the American steamers will take the cream of the passenger trade, and the English companies will have to produce larger and faster ships or content themselves with second-rate business.

ARTICLES OF INTEREST.

The Milwaukee Wisconsin moralizes at some length over tobacco, beer, whisky and newspapers, somewhat diverse subjects one might think. Horace Greeley, forty years ago, remarked that the time would come when every individual in this country who could read would pay for a newspaper; but he admitted that that halcyon day was far off. He proved that the average American expended, year in and year out, for tobacco, at least \$10. For liquors in the form of beer and whisky he calculated the average expenditure at least four times the above figure.

And how much better it would be for these men to cut down on their tobacco, beer and whisky, and thereby save sufficient to take a daily newspaper. Greeley thought the average users of tobacco, beer and whisky did not use papers to any great extent.

Has there been very much change? Money is much more easily obtained, and there is more wealth, and certainly more population in the country; but is not Greeley still right? When the times become hard and close, and labor is difficult to be secured, do not thousands of our countrymen, both native and adopted, cling to their tobacco, beer and whisky, and abandon the newspaper rather than renounce one ounce of tobacco, a mug of beer or dram of whisky?

So we think man is about the same; he has more education, but he is still ruled by his sordid appetites. It is harder for him to break away from these indulgences than to go for days without knowing what occurs in this great world. The mere perusal of news would relieve his toil, lighten his cares, change his anxieties, and at the same time serve as a daily instructor to the children who are to succeed him, and who are to earn their bread by the sweat of their brow, unless they can display such superior intelligence that they can become leaders and foremen. The comfort and joy which the newspaper can daily bring to even the most modest of homes is absolutely immeasurable.

THE MAFIA.

We, of cooler blood and under no fear of secret assassins, can hardly comprehend the terrible outbreak of popular frenzy chronicled in Saturday's dispatches from New Orleans. That sober business men, men of family, men with places in the community to keep and gain, should defy the law is almost incomprehensible. Perhaps if we lived nearer the scene of the murder of Hennessy by an organized gang of foreign bloodhounds, nearer the travesty of justice by a hired jury, harsh judgment would be suspended. Whether the men who executed their

personal law are to be called criminals or not, the dead men received their deserts, and the business of the Mafia and similar European products that have been planted in American soil, will receive a check as by a lightning bolt. And this is enough to excuse the recent terrible deed of the citizens of New Orleans.

A communication appears elsewhere from Mr. L. W. Ledyard, of Washington, D. C., who is an expert in water supply matters, which is well worthy of careful attention. Mr. Ledyard, in a note to the editor, says that "Duluth cannot temper with disease, and in my opinion once is enough to use water. Albany is using water twice and with fatal results; the sewer into the Hudson and pump from the same stream. Your system will in a less dangerous degree be the same, and ere long the end of the lake will fail to be pure with the growth before you. Duluth must let it be widely known that scientific measures are being carried out without delay."

The Hill excise bill in New York contains one clause which would make it impossible for any excise board to revoke a license for any cause, and another section would make it compulsory upon any court of record, on application, to grant a license to persons to whom an excise board had refused one. It is not surprising that the liquor interests should be well content with a bill which would make it possible for any dealer to procure a license, and impossible for any dealer to lose one. And Governor Hill, who favors this bill to the utmost has been a prominent democratic candidate for a presidential nomination. Should he chance to be a candidate, and a successful one, he would owe his election to the prohibition vote.

The fund for a statue of Gen. Sherman, has reached \$50,000. Some large conditional contributions to the fund, based on a desire to have the surplus above a certain amount go to Gen. Sherman's family, have been refused, the sons of the general making a statement, on behalf of themselves and their sisters, that their father has left them comfortably provided for, and that they could not accept a gratuitously proffered sum of money under any circumstances. In the meantime the New York fund for a statue to Gen. Grant was not so successful. Was Sherman, in New York's opinion, "a bigger man than old Grant?"

In the course of an article opposing the grant of a \$3000 village bonus to the Hart shoe factory, the Junction Vindicator says: "Illustrations of the folly of bond issuing are visible all around us. West Duluth is nearly swamped by her prodigality in this regard, and the manufacturers which her bonds secured for her are now of no benefit whatever." As a matter of fact no municipality around the head of the lakes has ever issued any bonds to aid any manufacturing concern, or any other concern, except in one or two cases, years ago, where railroads have received grants of bonds.

This evening at Superior there will be a meeting of citizens to see what can be done in the way of putting up a bonus for a flour mill, to be built by A. A. Freeman, of LaCrosse, who has been looking for a site around the head of the lakes for some time.

Tariff Pictures.

New York Press: Though our own cotton mills consume at least one-third of our cotton product, the vast fields of the South are equal to this demand as well as to the demand of the markets of the world. The average annual value of our raw cotton exports for five years ('85-'90) was \$214,812,438.

Our exports for 1890 were \$250,068,792.

The fact that we have robbed England of 60,000,000 of customers for her cotton goods does not, apparently, affect the demand for our raw cotton.

AN EXPERT WRITES.

Chairman of a Large Eastern Water Board Gives His Ideas.

To the Editor of the Herald: I desire, as an owner of real estate in Duluth, to urge that great consideration be given to the report of the experts published in your issue of the 9th. Pure as is the natural condition of the lake water, it will float disease germs as readily as any, and when 200,000 people live and conduct manufacturing on the lower St. Louis an intake pipe two or three miles long will not secure safety, as specialists well know.

A resource for obtaining pure water is probably within your reach, one that may flow without a good flow without the always onerous expense of pumping, and that is underground flow. There is no filter like soil, as is evidenced by the sparkling character of spring water. It not only acts mechanically, but chemically, for the roots of trees, shrubs and grasses absorb eagerly many elements, such as arise from decay, ammonia etc. There are presumably many situations where gang wells or deep tile drains would draw off water from wet lands, or unattractive lakes to basins from which it would flow to a high-service reservoir probably without pumping. Such a service would render Duluth independent of steam fire engines, and would probably bring water at such rentals as would make the use of water motors very general. I have been using water thus collected for many years and it is remarkably pure.

As the chairman of a water company ground waters, and I am convinced that they are the most uncontaminated of any. The dangerous disease germs will not live or multiply under two feet of earth, so even if the land above subterranean sources is not protected the supply is ordinarily safe. But it should be carefully protected. Sea water is fresh a little back from the beach, and many large water companies are seeking and obtaining great volumes of water by tapping the earth. Brooklyn has this system very largely, and the most eminent engineers now favor such schemes. I wish your city authorities would call in Mr. Ernest Bowditch, of Boston, who was entrusted with the renovation of Jacksonville after the yellow fever there, and who has secured water for Asheville, Iowa.

ABOUT FAKIRS.

And Particularly Advertising Fakirs From Ontario to the City.

To the Editor of The Herald:

A Norwegian advertising man from Chicago is at present soliciting advertisements for the Chicago "Scandinavian" and promises in return to give Duluth a "splendid write-up," same as he has already contracted for with West Superior. He also intends to appear before the chamber of commerce and get their support.

Considering the number of these advertising fakirs who appear from time to time they must meet with fair success, otherwise there would not be so many of them. But at the same time the home papers which are continually doing their best for Duluth, have a hard time of it. Now I should like to ask the gentlemen who are supporting these foreign advertising fakirs if they really believe that a write-up in a foreign paper does the city more good than a well-patronized local paper? Why not leave the traveling advertising quacks alone? I believe this would benefit the city greatly more than a dozen write-up pamphlets which can give us—when he is able to see and understand the advantages of our city and to write a good article about it, which, to my knowledge, certain of these fakirs are not able to do.

A. B. LANGE.

Electricity and Health.

A favorite illustration to make vivid the comparison between our grandfathers' days and our own, used to be the wonderful development caused by the use of steam power. But that has been cast in the shade by the applications of electricity during only the past ten years. The uses to which it has been put remind us most forcibly that truth is stranger than fiction. Still, though the electric spark has been caught and harnessed for the world's daily work, what it really is remains as much a mystery as ever. Some declare it to be the all-pervading principle of nature, without which any life or motion is impossible, the only tangible and visible ultimate cause and moving force of the whole universe. If this be true (and none can say it is not) then the theory is probable that the position of the body during sleep, if due north and south, is favorable to the great electrical currents of the earth exerting an immense beneficial effect on the health. The business man of today generally takes the night for a journey, and such will find that the great north and south line, "The Burlington," will afford, in its elegant and luxurious sleepers, a most refreshing night's rest, in harmony with the mysterious electrical forces. For tickets by this line, and for information, apply to agents of this or connecting railroads, or address W. J. C. Kenyon, Gen. Pass. Agent, C. B. & N. R. R., St. Paul, Minn.

Sole Agents for the World-Renowned Knox, and the Celebrated Christy English Hats.

WHY DO YOU COUGH?

Do you know that a little cough is a dangerous thing? Are you aware that it often fastens on the lungs and far too often runs into Consumption and ends in Death? People suffering from Asthma, Bronchitis, Pneumonia and Consumption will all tell you that

"IT STARTED WITH A COLD."

Can you afford to neglect it? Can you trifle with so serious a matter? Are you aware that

DR. ACKER'S ENGLISH REMEDY

for Coughs, Colds and Consumption is beyond question, the greatest of all Modern Remedies? It will stop a Cough in one night. It will check a Cold in a day. It will prevent Croup, relieve Asthma and cure Consumption if taken in time. You can't afford to be without it. A bottle may save you \$100 in Doctor's bills, may save your life! Ask your druggist for it, or write to W. H. HOOKER & Co., 46 West Broadway, New York, for book.

For sale by S. F. Boyce, Druggist, Phoenix Block.

PURE.....SOLUBLE.....CHEAP.

Rich. Digestible. Stimulating. Nourishing.

Having a peculiarly delicious flavor—a food and drink combined—at a half cent a cup and fit for a prince.

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

22-VAN HOUTEN'S COCOA ("once tried, always used") was invented and patented and is made in Holland. It is acknowledged by the most eminent doctors and analysts that by the special treatment Van Houten's Cocoa has undergone, the solubility of the rich-flavoring constituents is increased fifty per cent., while the whole of the fibres are softened and rendered more palatable and digestible. "Largest sale in the world." Ask for Van Houten's and take no other.

Cash Wheat and Future on the Duluth Market.

MONEY MARKETS IN THE EAST.

Leading Speculative Commodities in All the Leading Markets of the World.

Notwithstanding that other markets were off the Duluth market opened stronger this morning, first sales taking place at 1/2c up on May No. 1 hard wheat and 1/2c up on May No. 1 northern from Saturday's close. The market ruled firm for the most part but dull, little trading being done except on the May option. There was a stiff demand for cash wheat with buyers and sellers far apart. The exports for the principal articles of domestic provisions for February, 1914, were \$1,311,105, in 1913 they were \$1,111,300. For two months ending Feb. 28, the same report shows \$2,536,688 for 1914 and \$2,363,333 for 1913. Liverpool cables were strong, also French advices. The report for the week showed a decrease in wheat of 250,000 bu. corn increase, 65,000 bu. and oats decrease, 40,000 bu. Dispatches were received here stating that the crops of Holland, Belgium, parts of Germany and Bulgaria, had been damaged by early frosts. Reports from Spain were bad, and from Italy and Hungary good. France will have to resort about three and a half million acres or about 20 per cent of her acreage. The French financial difficulties are reported as blown over. May wheat ruled strong but dull. May No. 1 hard wheat opened with a sale at \$1.03 1/2, dropped 1/2c recovered to \$1.03 1/2 and closed firm at the same figure with bids. May No. 1 northern sold early at \$1 and ruled steady but dull at that figure closing firm at \$1 bid. June wheat sold dull at \$1.01 1/2 for No. 1 northern, but lost 1/2c closing at \$1.01 bid. No. 1 hard June closed without sales at \$1.01 1/2 nominal. Cash No. 1 northern wheat on track sold at 98 1/2c. All other wheats closed with bids and with firmness. Cash wheat gained from 1/2c to 3/4c over Saturday's close. The other futures gained from 1/2c to 1/4c for the day.

The closing prices today were as follows:

	Cash	Mar.	May	June
No. 1 hard	100	100	103 1/2	104 1/2
No. 1 northern	100	100	101	101
No. 2 northern	100	100	100	100

Cars on track: Wheat, 75; last year wheat, 27. Receipts: Wheat, 34,303 bu. Shipments: Wheat, 480 bu. Inspection: Cars No. 1 hard 8; No. 1 northern 20; total 34.

Local Bank Clearings.

Duluth bank clearings for today were \$230,400.00.

CLEWS' REPORT.

The Financial Market Believed to be in Better Shape.

New York, March 16.—The stock market retains extreme dullness, but while transactions have been so limited in volume, certain symptoms have appeared which have tended to encourage a more hopeful feeling. The reports of railroad earnings have not, as a rule, confirmed the late discouraging anticipations, but show that there is a freer movement of trade in the interior than has been supposed to exist. The latest government crop report confirms an impression that has been growing among handlers of grain that the earlier estimates of the bureau of agriculture underestimated the out-turn of last year's cereal crops, especially those of wheat and corn. A favorable impression was produced also by the appearance of London orders for certain stocks, which was construed as indicating the beginning of a revival of the speculative interest in American securities on that market. The more importance is attached to this latter symptom because it is accompanied with other evidences of an improving feeling at London. Another favorable indication from London is the fact that while the bank's rate of discount remains at 3 per cent, its reserve shows a considerable increase. Moreover, private cables indicate that large portions of the Baring's liabilities have already been liquidated and that little remains on that account to warrant distrust.

This information from London, together with the renewal of orders from that market for our securities, is calculated to materially mitigate the

fears that have been gathering here about the possibility of a renewal of trouble in the credit circles of the British metropolis.

With the signs of a favorable turn in affairs foreign and domestic above indicated, there is reason for hope for some early improvement in the situation. The temper of the market, however, is conservative, and something must depend upon the tone of the money market pending the usual April transfers of currency to the interior, but where that movement is passed a freer speculative movement at a better range of prices would seem to be in order. In the meantime, there is scope for fair profits on buying upon moderate drops.

The currency movement at the bank, for the past week, shows a loss of \$1,800,000 with the interior, and a net gain with the sub-treasury of \$800,000, making a total net loss of \$1,000,000.

A PHYSICIAN TALKS.

A Well Known Duluth Doctor Recommends Some Preventions.

To the Editor of The Herald:

The St. Louis County Medical Society was organized mainly for two purposes: viz: To enable its members to cultivate and maintain friendly relations, and by the exchange of thought and experience to aid in the acquisition of knowledge to be applied to the relief of the suffering. The society is in no sense an advertising body either of its individual members or of itself. It has never in any way striven to make the general public aware of its existence. The general public has never blamed the County Medical society for anything. It is true that among the many foolish things that have been said and written in reference to the epidemic of typhoid fever now prevailing here, one of the most foolish came from a citizen, who misadvisedly on the evil disposition and lethargy, not of the society, but of individual physicians of Duluth, who "foolishly pocket their gains and neglect all effort to discover and make known the cause of the disease." No physician would do aught but smile at this, and it would not have been noticed here but for the Herald's attribution of the resolutions of the County Medical society to the cause of the disease. The Herald is therefore mistaken as to the origin of these resolutions.

The daily papers have stated from time to time that this, that or the other physician did not believe that the water was the cause of the disease. These resolutions were formulated and placed on record because it was thought desirable to make it known that a body of intelligent physicians here resident does firmly believe that our water supply is polluted and is mainly the cause of the typhoid fever now prevalent here.

A word now as to the resolutions themselves. The society does not expect that their resolutions will effect anything, or that they will serve any purpose other than that of making the aforementioned fact a matter of record. The passage and publication of resolutions was opposed by some members on the ground that they would do no good. The resolutions met with some opposition, but were finally passed without a dissenting vote. They were meant to be comprehensive. They state that the water supply is polluted, and that the intake pipe should be removed. They do not recommend the extension of the intake pipe, but its removal to a distance which will insure a pure water supply; the water at present supplied to the citizens being impure, they recommend the subjecting of all water to a prolonged boiling before using.

Note this wording carefully. Among other poisonous one statement that has been frequently repeated. It is to the effect that certain of the victims of the fever have drunk nothing but mineral water, etc. Who goes the victims' story that his whiskey was not diluted with unboiled lake water, or that the milk he drank was not from one-quarter to one-half made up of the same polluted fluid? Who goes his story that his coffee was not made by pouring water brought for a moment to the boiling point over the browned coffee, and that he did not just before drinking add to the unboiled and diluted milk? How can I, for instance, know that he did add to his mineral water ice cut from the lake in the immediate vicinity of the canal? Have any of these victims ever stated that they cleansed their teeth with boiled water only? It is probable that those who have made such statements have never thought of these and other possibilities too numerous to mention.

Subject all water to a prolonged boiling before using. These are the words of the resolutions, note that this is not to boil your drinking water only. Now, how shall this be done? Have a receptacle of good size for boiled water and use this water for all purposes. How long shall the water be boiled? The longer, the better. Two hours is probably sufficient, and by the use of a special tank a receptacle for the boiled water the prolonged boiling becomes less inconvenient, for water can be kept boiling all the time, pouring that which has been sufficiently boiled into the tank and refilling the boiler.

The recommendations of this paragraph are the writer's own. How the recommendation of the resolutions was to be carried out is a point that was not discussed by the society.

S. M. S., M. D.

Notice.
All members of Agate lodge, No. 31, Knights of Pythias, are requested to attend the regular meeting this evening at 8 o'clock sharp, as matters of great importance are to come before the lodge and work in the third degree. It is to the interest of every member to be present. By order,
Wm. Swain,
Chancellor commander.

BORN
WILLIAMS.—To Mr. and Mrs. L. M. Williams, on March 14, a daughter.

The memory of one famous pioneer missionary, Marquette, is effectively preserved in the name of one of Michigan's leading railroads, the Flint & Pere Marquette. From Manitowish and Milwaukee, Wisconsin, this company runs its own steamers to L'Angeles, Michigan, which was called Pere Marquette at the time the road began to build across Michigan to it. Pere is the French word for father.

For Sale,

CHAMBER AND COUNCIL.

The Usury Bill Strongly Opposed by Business Men.

COUNCIL HEARS WATER REPORTS

By its Private Citizens' Committee and the Latest Expert; Mayor's Appointments.

At the chamber of commerce meeting this morning the principal matter of discussion proved to be the proposed reduction by the legislature of the rates of interest and the taxation of mortgages.

The bill to divide the county funds equally among the different banks was discussed and the committee given further time to report. Commissioner E. R. Jefferson was present and stated that the bill introduced into the state legislature had been withdrawn because not satisfactory. The aim of the measure, according to Mr. Jefferson, was to compel the county treasurer to draw by check when paying bills pro rata on all the banks.

Mr. Hoover, who opposed the measure on the ground that the county would lose several thousand dollars each year in loss of interest and taxation, then came up. C. P. Craig opened the discussion, setting forth the great drawback which the shutting off of the loaning of capital by Eastern investors would be to Duluth and the state. R. P. Edson maintained that it would build up other states and cities at the expense of Minnesota, and that the tax imposed on mortgages would result in placing the burden of the mortgage on the borrower.

The matter of interest and taxation then came up. C. P. Craig opened the discussion, setting forth the great drawback which the shutting off of the loaning of capital by Eastern investors would be to Duluth and the state. R. P. Edson maintained that it would build up other states and cities at the expense of Minnesota, and that the tax imposed on mortgages would result in placing the burden of the mortgage on the borrower.

Mr. Hoover, who opposed the measure on the ground that the county would lose several thousand dollars each year in loss of interest and taxation, then came up. C. P. Craig opened the discussion, setting forth the great drawback which the shutting off of the loaning of capital by Eastern investors would be to Duluth and the state. R. P. Edson maintained that it would build up other states and cities at the expense of Minnesota, and that the tax imposed on mortgages would result in placing the burden of the mortgage on the borrower.

to cover it. These recommendations were discussed and agreed to in a special session of the council later in the evening. Tickets fifty cents each may be had from Classen or at Clark's grocery store.

Dr. Bull's Cough Syrup has no rivals. Twenty-five cents.

I contracted some weeks ago a severe cold with pain in my side and shoulder. I gave your Salvation Oil a trial and it relieved me at once.

CHAS. S. GILBERT, Baltimore, Md.

A. J. Miller, of the firm of Miller & McAdams, has gone on a business trip through Southern Minnesota. To secure poultry, butter and eggs for their trade.

Acres and Lots. We can deliver and give a perfect title to all property offered for sale by us.

McNAB & Co. Duluth, Minn.

Another Saw Mill. It has been asserted by a lumberman in position to know what he is talking about that a large saw mill is to be built at Iron River, down the south shore thirty miles. It is learned by The Herald on inquiry that such a project is on foot, that the mill, if built, will not be at the mouth of the river, but at the crossing of the Northern Pacific and South Shore roads, and that those talking of putting in the mill are Eastern mill men.

Nothing very definite can be learned, but it is stated that the parties interested are owners of large amounts of pine timber along the river and near the railway and that the mill is proposed to be a single band at first, probably to be enlarged later. A mill at the crossing of the two roads would be a valuable project, getting at a good deal of valuable pine that cannot be driven down Iron river.

REAL ESTATE. A Record of the Real Estate Transfers for 24 Hours, Ending at Noon.

Furnished by the register of deeds. E. K. Frank, 17 Frank Ave., Duluth, Minn.

St. Patrick's Day. This morning the Ancient Order of Hibernians assembled in a body at the Church of the Sacred Heart, where social high mass was said. The church was crowded and the service was most impressive. This evening at Catholic Association hall "The Shamrock and Rose" an Irish drama, will be presented by the Father Mathew Dramatic club, besides which there will be several vocal and instrumental selections by local amateurs. Bishop McElroy will be the orator of the occasion, and will speak on "The Life of the Apostle of Erin; the Faith and Chivalry of the Irish Race." A very large attendance is looked for.

WEST DULUTH. The Presbyterian Sunday school is making special preparations for Easter service.

E. E. Pearson and J. J. Richards of Milwaukee, are visitors in the village. J. J. Frey, who has been ill with typhoid fever for several weeks, is again able to attend to business.

The Epworth League of the Methodist church will give a social in the church parlors this evening to which all are invited. Refreshments will be served. James Kerne has returned from his trip to Saginaw.

Owing to pressure of work the Iron Bay mess now run night and day crews. Miss Annie McLean, who has been sick with typhoid for some time, is convalescent.

John Poberg, of Willmar is looking over the village. A. Myles, formerly of Tower, is now a resident of this place and is employed as salesman for the John Owen Lumber company, of Tower.

Remember the concert at Hoyts hall this evening for the benefit of the West Duluth orchestra.

The Ladies Aid society of the congregational church will meet tomorrow afternoon with Mrs. McArthur on Third avenue west.

It is rumored that West Duluth will have a five block brick hotel and that work will be commenced as soon as a suitable site can be agreed on. Of parties are now in the village looking after the matter and particulars will be announced in a few days.

Prophecy & Rockwell will move their real estate office into the rooms vacated by Kilton, the baker. The rooms are suitable for all real estate work and will be the most attractive in town.

I buy purchases money, mortgages on unimproved lots in Duluth and West Duluth, discount short time paper, and loan money on chattel security.

F. C. Drayton, 11 Silvery block, West Duluth.

Children Cry for Pitcher's Castoria.

Electricity and Health. A favorite illustration to make vivid the comparison between our grandfathers' days and our own, used to be the wonderful development caused by the use of steam power. But that has been lost in the shade by the application of electricity during only the past ten years. The uses to which it has been put remind us most forcibly that truth is stranger than fiction. The electric spark has been caught and harnessed for the world's daily work, what it really is remains as much a mystery as ever. Some declare it to be the all-pervading principle in nature, without which any life or motion is impossible, the only tangible and viable ultimate cause and moving force of the whole universe. If this be true (and none can say it is not) then the theory is probable that the position of the body during sleep, if due north and south, is favorable to the great electrical currents of the earth exerting an immense beneficial effect on the health. The business man of today generally takes the night for a journey, and such will find that the south end of the earth (the Burlington) will afford, in its elegant and luxurious sleepers, a most refreshing night's rest, in harmony with the mysterious electrical forces. For tickets to this line, and any information, apply to agents of this or connecting railroads, or address W. J. C. Kenyon, Gen. Pass. Agent, C. B. & N. R. R., St. Paul, Minn.

Sleeplessness, nervousness, prostration, nervous dyspepsia, dullness, blue eyes, by Dr. Miles' Nervine. Samples free at Child's Pharmacy.

Clan Stewart open their new hall in Hunter Block with a social on Wednesday evening. Tickets fifty cents each may be had from Classen or at Clark's grocery store.

Dr. Bull's Cough Syrup has no rivals. Twenty-five cents.

Dr. Bull's Cough Syrup has no rivals. Twenty-five cents.

I contracted some weeks ago a severe cold with pain in my side and shoulder. I gave your Salvation Oil a trial and it relieved me at once.

CHAS. S. GILBERT, Baltimore, Md.

A. J. Miller, of the firm of Miller & McAdams, has gone on a business trip through Southern Minnesota. To secure poultry, butter and eggs for their trade.

Acres and Lots. We can deliver and give a perfect title to all property offered for sale by us.

McNAB & Co. Duluth, Minn.

Another Saw Mill. It has been asserted by a lumberman in position to know what he is talking about that a large saw mill is to be built at Iron River, down the south shore thirty miles. It is learned by The Herald on inquiry that such a project is on foot, that the mill, if built, will not be at the mouth of the river, but at the crossing of the Northern Pacific and South Shore roads, and that those talking of putting in the mill are Eastern mill men.

Nothing very definite can be learned, but it is stated that the parties interested are owners of large amounts of pine timber along the river and near the railway and that the mill is proposed to be a single band at first, probably to be enlarged later. A mill at the crossing of the two roads would be a valuable project, getting at a good deal of valuable pine that cannot be driven down Iron river.

REAL ESTATE. A Record of the Real Estate Transfers for 24 Hours, Ending at Noon.

Furnished by the register of deeds. E. K. Frank, 17 Frank Ave., Duluth, Minn.

St. Patrick's Day. This morning the Ancient Order of Hibernians assembled in a body at the Church of the Sacred Heart, where social high mass was said. The church was crowded and the service was most impressive. This evening at Catholic Association hall "The Shamrock and Rose" an Irish drama, will be presented by the Father Mathew Dramatic club, besides which there will be several vocal and instrumental selections by local amateurs. Bishop McElroy will be the orator of the occasion, and will speak on "The Life of the Apostle of Erin; the Faith and Chivalry of the Irish Race." A very large attendance is looked for.

WEST DULUTH. The Presbyterian Sunday school is making special preparations for Easter service.

E. E. Pearson and J. J. Richards of Milwaukee, are visitors in the village. J. J. Frey, who has been ill with typhoid fever for several weeks, is again able to attend to business.

The Epworth League of the Methodist church will give a social in the church parlors this evening to which all are invited. Refreshments will be served. James Kerne has returned from his trip to Saginaw.

Owing to pressure of work the Iron Bay mess now run night and day crews. Miss Annie McLean, who has been sick with typhoid for some time, is convalescent.

John Poberg, of Willmar is looking over the village. A. Myles, formerly of Tower, is now a resident of this place and is employed as salesman for the John Owen Lumber company, of Tower.

Remember the concert at Hoyts hall this evening for the benefit of the West Duluth orchestra.

The Ladies Aid society of the congregational church will meet tomorrow afternoon with Mrs. McArthur on Third avenue west.

It is rumored that West Duluth will have a five block brick hotel and that work will be commenced as soon as a suitable site can be agreed on. Of parties are now in the village looking after the matter and particulars will be announced in a few days.

Prophecy & Rockwell will move their real estate office into the rooms vacated by Kilton, the baker. The rooms are suitable for all real estate work and will be the most attractive in town.

I buy purchases money, mortgages on unimproved lots in Duluth and West Duluth, discount short time paper, and loan money on chattel security.

F. C. Drayton, 11 Silvery block, West Duluth.

Children Cry for Pitcher's Castoria.

Electricity and Health. A favorite illustration to make vivid the comparison between our grandfathers' days and our own, used to be the wonderful development caused by the use of steam power. But that has been lost in the shade by the application of electricity during only the past ten years. The uses to which it has been put remind us most forcibly that truth is stranger than fiction. The electric spark has been caught and harnessed for the world's daily work, what it really is remains as much a mystery as ever. Some declare it to be the all-pervading principle in nature, without which any life or motion is impossible, the only tangible and viable ultimate cause and moving force of the whole universe. If this be true (and none can say it is not) then the theory is probable that the position of the body during sleep, if due north and south, is favorable to the great electrical currents of the earth exerting an immense beneficial effect on the health. The business man of today generally takes the night for a journey, and such will find that the south end of the earth (the Burlington) will afford, in its elegant and luxurious sleepers, a most refreshing night's rest, in harmony with the mysterious electrical forces. For tickets to this line, and any information, apply to agents of this or connecting railroads, or address W. J. C. Kenyon, Gen. Pass. Agent, C. B. & N. R. R., St. Paul, Minn.

WORLD OF COMMERCE.

Cash Wheat and Future on the Duluth Market.

MONEY MARKETS IN THE EAST.

Leading Speculative Commodities in All the Leading Markets of the World.

The market opened here today much stronger on excellent local demand at 1 1/2¢ advance over yesterday's close. News from outside was scarce but all of a bullish nature. Foreign markets were almost universally reported firmer. It was stated that 14,000,000 bu of wheat would have to be made up from Austria, Russia and India on account of the European crop failures. The demand here was principally for May No. 1 northern, which fluctuated between \$1.01 1/2 and \$1.01 3/4. There was a large rail shipment of wheat for milling purposes today, and wheat on track ruled strong. The close was strong, with excellent feeling, at an advance of 16 all around over yesterday's close. There were offerings of May No. 1 northern wheat at \$1.01 1/2 after the close. May No. 1 hard wheat did not open until late in the session, selling at \$1.01 and ruled dull, closing at \$1.01 1/4 and May No. 1 northern ruled the most active of the futures, opening with a bid at \$1.01 1/2, advancing to \$1.01 3/4 selling and in the afternoon dropping to \$1.01 1/2 and closing at \$1.01 bid. There were no sales in March or June wheat. Cash wheat on track No. 1 northern closed at 90¢ in the afternoon. No sales of wheat in store took place.

The closing prices were as follows:

	Cash	Mar	May	June
No. 1 hard	97 1/2	100	103 1/4	105 1/2
No. 1 northern	97 1/2	97 1/2	101	102
No. 2 northern	95 1/2	95 1/2	98 1/2	100

Cuts on track: Wheat, 47; last year, wheat, 65. Receipts: Wheat, 28,490 bu.

Shipments: Wheat, 15,000 bu. Inspection: Cuts No. 1 hard, 23; No. 1 northern, 35; No. 2 northern, 8; no grade 3; No. 3, 1; total, 122.

Local Bank Clearings. Duluth bank clearings for today were \$210,480.10.

A Trans-Pacific Line.

The St. Paul Dispatch says that the statement that the Northern Pacific is negotiating for a line of trans-Pacific steamers is the absorbing topic in railroad circles. The foundation of the rumor is the following telegram received from Victoria: "Capt. Marshall, representing the owner of the steamship Alysonia, Partia and Batavia, has been here and in Vancouver for the last few days winding up the business of the vessels with the Canadian Pacific railway people. He left for Tacoma yesterday, where he will negotiate with ship-owners with a view to have the steamers run to these ports from China by the Northern Pacific in opposition to the Canadian Pacific." This is denied by the railway company.

Superior's Campaign.

The Superior city election occurs April 7, and present indications point to a repetition of the lively campaign of last year. For the mayoralty, the present incumbent, Martin Patterson, his opponent for the nomination last spring, Dr. H. J. Connor, and Beebe, D. R. Long and Alderman MacEachern, Dundon and Matthebe have all been mentioned as possible nominees of the republican party, while for the other offices all the present incumbents, besides a number of outsiders, are willing to make the run. The union labor party, organized last fall, promises to cut quite a figure in the campaign and has already endorsed a number of candidates for the council, but is awaiting developments on the mayoralty contest. It is holding its convention this afternoon.

To Join a League.

Milwaukee Sentinel: The baseball fans of Superior have been waiting for a settlement of the internal troubles in the Wisconsin State league, as it was understood that, as soon as that had been satisfactorily adjusted, some one would be sent up to work up the enthusiasm a little. Now that the Milwaukee has dropped out of the league, it is thought to be the best policy to drop the project for a Northwestern league, and allow Superior and Duluth to take the places of these two cities. Some good rustler could put Superior in line by a single day's work.

Come and See the Race.

A 5-mile race takes place at the West End Skating Wednesday evening, March 15, 1939, for a purse of \$50, between John Carlson, McCormick and Engel Bolune, all of this city. It is the city's winner of this race to challenge Gus Johnson, the present champion of Duluth. Don't miss it, it will be an interesting race. Tickets, 25c. Ladies free.

CITY BRIEFS.

At a meeting last evening the Pilgrim club, consisting of young men of the Pilgrim congregational society, was organized with about thirty members. The club will meet on alternate Monday nights.

Last evening it was found impossible to secure Temple Opera for the Scherwenka concert. It has been decided to reserve by number and pew the seats for those who subscribed, and all who have heretofore secured seats can have them reserved at Boyce's drug store and Curtis' music store, where plans of the church are on view.

The sale of seats for Lotta's engagement at Temple theater begins today. The plot of Frederica's addition to Duluth was filed yesterday in the office of the register of deeds.

Morris Thomas will improve Ash river for log-driving purposes.

The following variations in temperature were recorded at Pioneer Fuel company's office, Hotel St. Louis, 336 Superior street: 12 m., 8° above; 3 p. m., 17° above; 6 p. m., 16° above; 9 p. m., 15° above; 7 a. m., 17° above; 9 a. m., 18° above; 12 m., 24° above. Maximum, 24° above; minimum, 8° daily range, 16°.

It is stated that Messrs. J. H. Upham, Ray, T. Lewis and George Spencer are the special committee of citizens appointed to investigate the water question.

Good mortgages and short time paper bought. Lease wanted. Clague & Prindle.

The case of the state vs. Welles before Judge Morris was continued to the latter part of the week through illness in counsel's family.

The committee on building of the school board have virtually agreed to let the contract for plumbing and heating the Central High school building to A. Pond, of Minneapolis. Their trip to Minneapolis convinced them of his responsibility. It is probable that the contract will be let at the next meeting of the board.

A reception will take place tonight at the Spaulding parlors under the auspices of the Hardy school. Music and reading will constitute the entertainment of the evening.

PERSONAL.

W. W. Butler is convalescing. Edmund Sherwood leaves again for Texas tomorrow.

Miss Nellie S. Cate 318 West Third street celebrated her 15th birthday yesterday by giving a tea to about twenty-five of her friends.

C. W. Geer and wife of Lynn, Mass., are in the city, guests of J. F. Patten at 1130 East Second street. Mrs. Geer is the daughter of Mr. and Mrs. Patten.

At a progressive euchre party given at the residence of Mrs. Williams, 1718 Third street west, Ed Osman came off with the first prize and Mrs. Williams the foot prize.

W. C. McClure and wife have gone on a trip to Cuba.

W. J. Leddell, president of the Bates Steel company of Chicago, a brother of the late S. Fred Leddell, arrived in the city on Sunday.

Miss Jennie Ralston, stenographer for R. R. Briggs has gone to Omaha for a few weeks' visit.

Secretary S. A. Thompson, of the chamber of commerce, is on the sick list and was unable to attend the meeting of the chamber this morning.

E. P. Wilbur, traveling passenger agent of the Santa and South Shore roads, is in Duluth today.

A. C. Miner, traveling passenger agent of the Wisconsin Central road, is at the St. George.

J. H. Whittlesey, agent of the Northern Pacific road at Tower, is visiting friends in Duluth today accompanied by his wife.

John J. Beeson editor of the Vancouver Independent is in the city the guest of Captain Smallwood.

In Court.

The jury today brought in a verdict of not guilty against Gust Johnson, charged with assault in the third degree. Judge Stearns made an order today discharging the receiver in the case of the insolvent Peter J. Richur, of Tower. Judge Ensign decided the case of Henry C. Nelson, assignee, for T. B. Berry against T. O. Hall in favor of the plaintiff. The suit was brought to declare a mortgage void because it gave a preference right to certain creditors.

Eight Hour Case.

INDIANAPOLIS Ind., March 17.—A novel suit under the eight hour law has been brought by John Grisell of this city. He was engaged by a flour and feed company May 27, 1930, to work at \$1.35 a day and remained with the company until March 12, 1931, working eleven hours a day. He sued for pay for extra work each day, making in all 720 hours. The acts of 1890 declare eight hours shall constitute a legal day's work, for all classes of mechanics, workmen and laborers, except in agricultural and domestic labor.

Presbyterian Anniversary.

BARABO, Wis., March 17.—The fortieth anniversary of the establishment of the First Presbyterian church of this city is being celebrated on an imposing scale. Over 200 invitations have been issued and sent to all parts of the United States to former pastors and members of the society, and the responses have been numerous, prominent divines being present from Michigan, Indiana, and other points. The program for today consists of addresses, poems, music, historical exercises, and with a banquet as a finale.

A New Ocean-Stepper.

BALTIMORE, Md., March 16.—Shipbuilders and marine men will this week be permitted to inspect the strange new steamer Howard Cassard, which Mr. Myer, the inventor, asserts will revolutionize ocean travel. The shaft and propeller will be adjusted, giving the visitors an opportunity to see in place a four-bladed screw, each blade of which is set on different line of rotation or in spiral order, increasing the pitch toward the stern in comparison with preceding blade or blades. The object is to embody in a single screw as much surface as now exists in a twin screw driven by the same amount of power.

Silver Anniversary of the G. A. R.

RETARD, Vt., March 17.—Commander in Chief Vessey has issued a general order for the observance of the silver anniversary of the Grand Army, April 6, 1901.

Smoke the Endion cigar, the finest in the market.

W. A. Fozz & Co.

PLUCKY PLUMBERS.

Trouble in Their Ranks in the Saintly City.

St. Paul, March 17.—There is trouble in the ranks of St. Paul plumbers. The public basis of disunion was the employment of an alleged cornice maker by J. P. Adamson to fit water pipes in a newly constructed block. To this the journeymen plumbers made objection, and it resulted in a temporary boycott on the part of the journeymen.

Negotiations were at once opened to settle the matter by arbitration, but meanwhile the journeymen ignored the proceedings. It was, however, decided to give the journeymen until Saturday to act on the matter but they assumed the utmost indifference. Accordingly on Saturday evening notice was given that the services of all journeymen could be dispensed with, a matter which affected about 150 men. Yesterday not a union man appeared and work was nearly at a standstill. A meeting of the master plumbers was again called and was decided to instruct the arbitration committee, which consists of S. A. Dillon, George Keyes and M. J. O'Neill, to confer with the journeymen plumbers and effect an immediate settlement by arbitration.

ALLIED WITH MURDERERS.

Are Chicago Laboring Men on the Side of Blood and Lawlessness?

CHICAGO, March 17.—The verdict of capital punishment by a Pittsburgh jury against three strikers, Andrew Todd, George Rusnock and Michael Sabali, for the murder of Michael Quinn who had taken the place of one of the strikers, Chicago, and was the occasion for a meeting last night at which the journeymen plumbers and other labor organizations were present, some fiery speeches were made, and it was decided to hold a mass meeting of the union labor parties on April 3, either at battery D or the Second regiment armory, for the purpose of formally protesting against the verdict.

A POOL CONTEST.

Walsh and Powers Open the Championship Contest Tonight.

CHICAGO, March 17.—The great pool contest for the championship of the United States between P. H. Walsh of Scranton, Pa., and Albert J. Powers of this city, will open this evening in Auditorium hall. It will be 600 points up of which 300 will be played each night. Considerable interest is manifested in the contest, and quite a number of expert pool players from the East and West are in the city.

Powers has been playing in fine form in the Syracuse tournament, one of his feats being the pocketing of eighty-nine out of ninety balls. Hurry Keanine, his backer, had put up \$1000 and has another \$1000 to get rid of today if he can find any takers. Walsh is a very skillful player, and is much hopeful of defeating his antagonist. Powers was beaten by the Cuban O'Dore a year ago.

WELL, HERE'S FLORIDA, And Most of Our Supply Is From Florida and California.

New York, March 17.—Excitement has been caused in the foreign fruit trade by the report that the orange and lemon crops have been destroyed by storms. President Contanin, of the New York chamber of commerce, who is at Sorrento, Italy, has written a letter to his partners here, in which he says that the damage to orange and lemon crops has been enormous and that it was caused by gales and hail. Italian crop estimates will be reduced to per cent.

The Patent Celebration.

WASHINGTON, March 17.—The committee today arranged the engagements for the celebration of the beginning of the second century of the American patent system, which will occur in this city on April 9 and 10, in recognition of numerous communications from all parts of the country from inventors and manufacturers, indicating a widespread interest in the celebration. Several thousand of the most prominent inventors of the country, including Edison, Bell, Corlies, Adams, Westinghouse, C. K. Marshall, Andrew Carnegie, etc., have signified their intention to participate. The opening meeting on April 8 will be presided over by President Harrison.

The Inevitable Days.

CHICAGO, March 17.—Plumbers and their friends are waiting for a car and three Italians were near him. Hagdon began to talk of the New Orleans lynching and said that every member of the Mafia should be hung. The three Italians drew their knives and attacked him. He was severely cut and would have been killed outright had not his cries brought several to his assistance. The Italians escaped.

The Iowa Cases.

DES MOINES, Ia., March 17.—The defeated candidate in the joint rate suits brought by the Iowa railroad commissioners have filed petitions and bonds for a removal of the cases to the federal court.

Is at Winnipeg.

WINNIPEG, March 17.—Hon. Ignatius Donnelly lectures this evening in the Princess Opera house, taking for his subject "St. Patrick's Day." Tomorrow evening he will lecture on "The Irish in America," "Atlantic, the Drowned Continent."

A Cleveland Failure.

CLEVELAND, Ohio, March 17.—The Valley Iron Works failed this morning liabilities about \$250,000 and assets \$150,000.

Another Mine Explosion.

ASHLAND, Pa., March 17.—A terrific mine explosion occurred near here today. Two men were blown to atoms, another fatally injured and others seriously hurt.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

WORLD OF COMMERCE.

Cash Wheat and Future on the Duluth Market.

MONEY MARKETS IN THE EAST.

Leading Speculative Commodities in All the Leading Markets of the World.

The first sales today were made at 3 1/2 off from May No. 1 northern and 1 1/2 off for No. 1 hard May. All American markets ruled weak and quiet early in the session. There was later in the session here a general strengthening up all round encouraged by an increasing demand for cash wheat. Fifty thousand bushels were worked here today, by rail for New York export. Late in the session cash spot wheats were very firm. The market here today was very dull in futures. The opening was weak and flat and there was a declining tendency up to noon. In the afternoon prices stiffened up 1/2 on first sales, and frequent bidding forced nominal prices nearly up to yesterday's close. The close today was steady and firm at yesterday's figures for cash wheat in store and March wheat. May and June No. 1 hard wheat closed at 1/2 off from yesterday's figures. May and June No. 1 northern wheat closed unchanged. May No. 1 hard wheat opened at 1/2 off from 1/2 off. In the afternoon the first sale was made at an advance of 1/2. Under good demand the price went up to \$1.03 1/2 at the close. May No. 1 northern opened with a sale at \$1.00 1/2 and advanced, selling early in the afternoon at \$1.00 1/2. It ruled dull but stiffened in price under bidding demand closing at \$1.01. Cereals of No. 1 northern fresh wheat sold at 1/2, and the same grade on track sold at the same figure. No. 1 hard wheat free on board cars sold at \$1.03 1/2. There were no sales made in other futures.

Local Bank Clearings.
Duluth bank clearings for today were \$210,480.19.

A NEW TOWN.

Platting a New Townsite on the Mesabi Iron Range.

Patton & Frank are platting the new townsite of Mesabi, which consists of the forty acres described as s. 1/2 of n. 1/2, section 25-26-14, adjoining the station of that name on the south. It will be located at what is said will be the junction of the contemplated Duluth, Mesabi & Northern and the Duluth & Iron Range roads. The townsite will be situated within a short distance of fifteen valuable iron properties either partially developed or at present in condition to be platted in this vicinity, the rest either being mining property or state swamp lands.

Another Duluth Division Mill.
The Soper Lumber company of Chicago, has decided to put in a mill at Kenton, on the Duluth division of the South Shore road, three miles east of Trout creek where the Wing company already has a big mill in process of construction says the Marquette Journal. Mills are either now in operation or about to be put in at Kenton, Trout creek, Even and one or two other places on this division between the South Shore and the Duluth division. Several large companies have also established big lumbering headquarters at various points on the line of the road.

Methodist Alliance.
The Methodist Alliance of Duluth filed articles of incorporation yesterday. The members consist of the presiding elder or elders of the district or district included or to be included in the annual conference district, the ministers past, present and future within the city limits and one layman for each 100 members of any of the churches within the city, each church to have at least one member.

Then Who Does Favor It?
E. McManus, state weighmaster, returned today from Crookston. He reports that the farmers will seed more acres than last year. None of the farmers in that section favor the mortgage taxation scheme or the lowering of the legal rate of interest.

A TRIFLE SLOW.

Action Taken by the Health Office That is Six Months Overdue.

The health officer is finally getting a small move on him, and under date of March 17 has sent to the physicians of the city the following:

Will you kindly urge upon your typhoid patients, their families and nurses attending them, the extreme necessity of disinfecting dejects from patients suffering with typhoid in all its stages and every degree of severity before being disposed of.

Health officer.
This is something that should have been in print five or six months ago, but at this late date, after months of silence and slumber, it sounds like "a voice from the tomb." This and many other things that ought not only to have been thought of, but done effectively months ago are just now beginning to be comprehended.

A Sale of Aprons.
The apron sale at the St. Louis hotel last evening was one of the pleasantest social events. It was the celebration of the third anniversary of the Woman's Relief corps. The feature of the affair was the collection of aprons, which had been sent by distinguished ladies and sister corps. Among the prominent contributors were Mrs. Anna Wittenmeyer, past national president; Mrs. Gen. Logan; Mrs. Ann Plimpton, national secretary; Mrs. Folsom, of North Dakota; Mrs. Williams, of Iowa; Mrs. Loria, of Iowa. At the close the aprons were sold, each bringing a good price. The affair was a success in every way, showing the popularity of the Woman's Relief corps.

Of the Lakes.
It looks as if the Union line propellers Avon and Portage would not be put in commission at the beginning of the season. Manager Bullard probably believes that the Owego, Chemung, Tioga, Jewett, Rochester and New York can take care of all the business that will be offered. As far as known, no work has yet been laid out for the passenger steamer Nyack. It is understood that Capt. Henry, general manager of the Lehigh Valley line, has some intention of running only its steel steamers at the outlet, leaving the six wooden boats to await a betterment of the trade. Other line managers may take similar action.

A Pleasant Reception.

A reception was given by Miss Kate Hardy assisted by Miss Haire and other ladies last evening at the Spaulding. There was a large attendance. Miss Howard played several musical selections in brilliant style. Miss McPherson sang in excellent voice and was loudly cheered. Miss Sibley charmed all with her recitations. The remainder of the evening was spent in a social manner and all the guests were delighted with the entertainment.

Is Abating.

No new cases of typhoid fever have been reported to the health department since March 12. Physicians report that the disease is abating. This is a good sign, however, in any degree abate precautions.

To Sell the Bonds.

M. B. Harrison and Leonidas Merritt will leave for the East in a few days to close a deal for the floating of the Duluth, Mesabi & Northern railway bonds. They are said to have three or four places where they can negotiate the bonds.

CITY BRIEFS.

At the regular meeting at Endion Baptist church, tomorrow evening the subject will be "Our Children." W. B. Patton will give the address.

The following variations in temperature were recorded at the Duluth Fuel company's office, Hotel St. Louis, 325 Superior street: 12 m. 23° above; 3 p. m. 20° above; 6 p. m. 25° above; 9 p. m. 21° above; 7 a. m. 21° above; 9 a. m. 12° above; 12 m. 18° above. Maximum, 26°; minimum, 18° daily range, 8°.

The Haxton Steam Heater company, has changed its name to "Western Tube company."

The motor line company has prepared the plans for three cottages for residents and waiting rooms combined. One will be at Woodland park, another near the cemetery and the third at the Fourth street terminus of the road. All who have had charge of selling tickets for this evening's concert are very earnestly requested to have at hand this evening all unsold tickets. Herr Schwabensky plays at St. Paul tomorrow evening and leaves at once for New York, so the entire matter of settlement must be made this evening.

Judge Ensign decided the case of Henry C. Nelson, assignee of the Perry estate vs. T. O. Hall, in favor of the defendant. Mr. Hall held a mortgage on some real estate belonging to the Perry estate, which the plaintiff claimed was void. The property was sold by court and this suit was brought to determine whether or not the money sufficient to pay the mortgage debt should be paid over to the defendant.

M. S. Burrows paid duty to the amount of \$500 yesterday on a consignment of goods from London, England.

At the municipal court this morning, Robert Richardson was committed for seven days for indecent exposure.

Good mortgages and short time paper bought. Loans wanted. Clague & Prindle.

PERSONAL.

Charles N. Nelson, the Cloquet lumberman, is in Duluth today.

A. S. Coffin, the architect, was called to Boston yesterday by a telegram stating that a relative of his was very ill.

Alderman C. A. Long will leave today for Mount Clemens, Mich., for a short stay at the health resort.

O. W. Brenizer returned yesterday from the north shore.

The engagement is announced of J. Parker Robinson to Miss Cora Bliss Wenham, of Grand Rapids, Mich. Mr. Robinson will soon leave this city to locate in his profession in the above place.

Herr Xavier Schwabensky arrived this afternoon from St. Paul, where he has been suffering from grip. Miss Von Elsner arrived here last night. It is probable that both may return to St. Paul on the night train.

J. A. Taylor, of the Ironton Land company, and J. A. Smellie, the state pressed brick man, arrived in Duluth today.

Not Simultaneous.

"He can't live comfortably in the country. He's too much given to anachronism."

"What's that got to do with it?"

"He goes for trains at the wrong time."

RESULT OF A FOOLISH WAGER.

A Man Eats Half a Gallon of Peanuts and Will Probably Die.

Snow Hill, Md., March 18.—Harry Hudson, a young man living near Bishopville, this county, made a wager with a friend that he could eat half a gallon of peanuts within a given time, which feat he accomplished, with some minutes to his credit, and the wager was promptly paid. Hudson departed for home with the wager safely stowed away in his pocket and half a gallon of peanuts lying quietly under his vest. During the night the young man was seized with violent pains, which the doctors have been unable to relieve. They said today that nothing could be done to save him and he would probably die.

OPPOSED TO THE PLAN.

Rabbi Schneider Does Not Want Hebrews to Go to Palestine.

Boston, March 18.—Rabbi Solomon Schneider addressed his people last night on the proposition to restore the Jews to Palestine, taking strong ground against the scheme. He said that American Jews had no business to interfere in a European quarrel. Palestine could support only 200,000 people, whereas Russia alone had 5,000,000 Hebrews. Furthermore, a Jewish commonwealth, if established in the midst of the European today, would either be obliged to contract an alliance with one of them or be absorbed. One of the great reasons for the advocacy by Christians of the restoration of the Jews is in Rabbi Schneider's opinion, their desire to bring about the fulfillment of the new testament prophecy.

St. Louis' Smallest Score.

St. Louis, Mo., March 18.—One more case of smallpox developed today among the patients in division No. 9 of the city hospital, where the epidemic originated a week ago. Two other patients are being watched with suspicion. A case in the city also developed. Dr. Priest and two assistants were busy all day trying to locate two suspects reported by the police. They had come up the river on a boat some days ago, and after landing had drifted from lodging to lodging along the river, never staying more than one night at a time at any one place.

Westinghouse Interests Sold.

Pittsburgh, March 17.—It is reported here that an English syndicate is about to secure control of the Westinghouse interests. It is claimed that the syndicate is heavily backed, and that cuts will be made in the price of electrical supplies and machinery that will force all competitors out of trade or compel them to unite with it.

Collecting Funds.

Chicago, March 18.—Justice Bradley's court room was crowded yesterday by delinquent subscribers to the World's fair fund. The amounts owed on checks ranged from \$5.75 to \$40. A majority of the delinquents claimed that they had transferred their stocks or lacked funds. In many instances judgments were rendered for amounts claimed while some few cases were continued.

Really in Denver.

Denver, Col., March 18.—It is announced that the famous Maxwell land grant, containing 170,000 acres, has been sold. The price is not mentioned, but the deal is the largest deal ever recorded in the West.

A Topeka Savings Bank Assigns.

TOPEKA, March 18.—The United States Savings bank of this city closed its doors this morning and made an assignment to Samuel T. House, president of the Kansas National bank.

THE EATON MERRITT.

Official Text of the Land Office Received by the Land Office.

A copy of the official decision on the Eaton Merritt tract arrived at the local land office today. It does not differ materially from The Herald report of several weeks ago. There are fifteen appeals against the H. H. Merritt tract. The decision gives Hyde and McDonald preference rights subject to all the contents pending against the property. The effect of the decision is to leave the matter practically as it was before with exception that Eaton and Merritt are eliminated from the fight, and that Hartmann and Mallett are now made the defendants in the fight.

"Shamrock and Rose."

Catholic Association hall was crowded last night. After an overture by the orchestra, Bishop Motrick delivered an interesting address on "The Life of the Apostle of Erin; the Faith and Chivalry of the Irish Race." The Father Mathew club presented the beautiful and romantic drama entitled "The Shamrock and the Rose." F. Fleishman, George W. Lane, J. Weber, Wm. Farrell, J. R. Grady, B. Burns, B. Gulette and Misses Burns, Farrell and Felt taking part. All did excellently, seven actors receiving marked merit. All were cheered to the echo and the entire performance was well received. It will be repeated tonight.

Not to Divide the Fifth.

Survivor General Ash has practical assurance from Representative Smith, of Hennepin county, who introduced the bill creating a new log and lumber district, that the Fifth district will not be divided. That gentleman claimed that he was ignorant of the fact that the bill divided the district. If the district is not divided the bill will give it definite boundaries, which have been indeterminate heretofore.

Lake Avenue Grade.

The committee on bridges and bridges of the common council will meet the property owners on Lake avenue tomorrow at 2 o'clock at the city hall to discuss the matter of a change of grade on Lake avenue.

ORDER FOR HEARING AND NOTICE OF APPLICATION FOR APPOINTMENT OF ADMINISTRATOR.

STATE OF MINNESOTA, ss.

COUNTY OF ST. LOUIS, ss.

In Probate Court, special term, March 17th, 1891.

In the matter of the estate of Herbert H. Moulton, deceased.

On receiving and filing the petition of Parker C. Moulton, of Merrimack, in the state of Wisconsin, representing among other things that Herbert H. Moulton, late of said Merrimack, on the first day of February, A. D. 1891, at said Merrimack, died intestate, and being an inhabitant thereof at the time of his death, leaving goods, chattels and estate within this county, and that the petitioner is the father of said deceased, and praying that he be appointed administrator of said estate, do hereby certify that the petition was heard by the court on Monday, the 17th day of April, A. D. 1891, at ten o'clock a. m., at the probate office in Duluth, in said county.

Ordered Further, That notice thereof be given to the heirs of said deceased, and to all persons interested by publishing this order on Wednesday in each week for three successive weeks prior to said day of hearing, in the Duluth Evening Herald, a daily newspaper published and published at Duluth, in said county.

Dated at Duluth the 17th day of March, A. D. 1891.

By the Court,

PHILIP A. YER,

March 18-20, April 1.
